Words, Images and Performances in Translation Rita Wilson, Brigid Maher, 2012-02-02 **Self-Translation** Anthony Cordingley, 2013-01-17 Self Translation Brokering originality in hybrid culture provides critical historical and interdisciplinary analyses of self translators and their works It investigates the challenges which the bilingual oeuvre and the experience of the self translator pose to conventional definitions of translation and the problematic dichotomies of original and translation author and translator Canonical self translators such Samuel Beckett Vladimir Nabokov and Rabindranath Tagore are here discussed in the context of previously overlooked self translators from Japan to South Africa from the Basque Country to Scotland This book seeks therefore to offer a portrait of the diverse artistic and political objectives and priorities of self translators by investigating different cosmopolitan post colonial and indigenous practices Numerous contributions to this volume extend the scope of self translation to include the composition of a work out of a multilingual consciousness or society They demonstrate how production within hybrid contexts requires the negotiation of different languages within the self generating powerful experiences from crisis to liberation and texts that offer key insights into our increasingly globalized culture

The Translator on Stage Geraldine Brodie, 2017-12-28 In today's theatre productions of plays that originated in another language are frequently distinguished by two characteristics the authorship of the English text by a well known local theatre specialist and the absence of the term translation generally in favour of adaptation or version *The Translator on Stage* investigates the creative processes that bring translated plays to the mainstream stage exploring the commissioning translation and development procedures that end with a performed play Through a sample of eight plays that span two thousand years and six languages including *Festen* Don Carlos *Hedda* Gabler and *The UN Inspector* and that were all staged within a three month period Geraldine Brodie brings in a wide range of theatre practitioners to discuss their roles in the translation process and the motivations that govern London theatre translation activities *The Translator on Stage* is informed by specially conducted interviews with the productions producers artistic directors directors literary managers playwrights and specialist translators including Michael Grandage Rufus Norris David Eldridge Juan Mayorga David Johnston and Mike Poulton It sheds new light not only on theatrical translation procedures but also on the place of translation in society today

Translation and Contemporary Art MaCarmen África Vidal Claramonte, 2022-03-01 This book looks to expand the definition of translation in line with Susan Bassnett and David Johnston's notion of the outward turn applying this perspective to contemporary art to broaden the scope of how we understand translation in today's global multisemiotic world The book takes as its point of departure the idea that texts are comprised of not only words but other semiotic systems and therefore expanding our notions of both language and translation can better equip us to translate stories told via non traditional means in novel ways While the outward turn has been analyzed in literature Vidal directs this spotlight to contemporary art a field which has already engaged in disciplinary connections with Translation Studies The volume highlights how the unpacking of such connections between disciplines encourages engagement with contemporary social issues around identity power migration and globalization and in turn new ways of thinking and bringing about wider cultural change This innovative book will be of interest to scholars in translation studies and contemporary art

The Bloomsbury Handbook of Modern Chinese Literature in Translation Cosima Bruno, Lucas Klein, Chris Song, 2023-10-19

Offering the first systematic overview of modern and contemporary Chinese literature from a translation studies perspective this handbook provides students researchers and teachers with a context in which to read and appreciate the effects of linguistic and cultural transfer in Chinese literary works Translation matters It always has of course but more so when we want to reap the benefits of intercultural communication In many universities Chinese literature in English translation is taught as if it had been written in English As a result students submit what they read to their own cultural expectations they do not read in translation and do not attend to the protocols of knowing engagements and contestations that bind literature and society to each other The Bloomsbury Handbook of Modern Chinese Literature in Translation squarely addresses this

pedagogical lack Organised in a tripartite structure around considerations of textual social and large scale spatial and historical circumstances its thirty plus essays each deal with a theme of translation studies as emerged from the translation of one or more Chinese literary works In doing so it offers new tools for reading and appreciating modern and contemporary Chinese literature in the global context of its translation offering in depth studies about eminent Chinese authors and their literary masterpieces in translation The first of its kind this book is essential reading for anyone studying or researching Chinese literature in translation *Women's Suffrage in Word, Image, Music, Stage and Screen* Christopher Wiley, Lucy Ella Rose, 2021-07-13 This collection of essays explores the myriad ways in which the women's suffrage movement in Britain in the nineteenth century and twentieth century engaged with and was expressed through literature art and craft music drama and cinema Uniquely this anthology places developments in the constituent arts side by side and in dialogue rather than focusing on a single field in isolation In so doing it illustrates how creative endeavours in different artforms converged in support of women's suffrage Topics encompassed range from the artistic output of such household names as Sylvia Pankhurst and Ethel Smyth to the recent feature film *Suffragette* It also brings to light under represented figures and neglected works related to the suffrage movement A wide variety of material is explored from poems diaries and newspapers to posters dress and artefacts to songs opera plays and film Published in the wake of the centenary of many women receiving the parliamentary vote in the UK this book will appeal to scholars undergraduate and graduate students and members of the public interested in the broad areas of women's history and the women's suffrage movement as well as across the arts disciplines **Words, Images and Performances in Translation** Rita Wilson, Brigid Maher, 2011-12-01 This volume presents fresh approaches to the role that translation in its many forms plays in enabling and mediating global cultural exchange As modes of communication and textual production continue to evolve the field of translation studies has an increasingly important role in exploring the ways in which words images and performances are translated and reinterpreted in new socio cultural contexts The book includes an innovative mix of literary cultural and intersemiotic perspectives and represents a wide range of languages and cultures The contributions are all linked by a shared focus on the place of translation in the contemporary world and the ways in which translation and the discipline of translation studies can shed light on questions of inter and hypertextuality multimodality and globalization in contemporary cultural production The Oxford Handbook of Shakespeare and Performance James C. Bulman, 2017 Presents the most current approaches to Shakespeare in performance including how experimental modes of performance ensure Shakespeare's contemporaneity how and why audiences respond to performances as they do how technology has revolutionized our access to Shakespeare and cultural appropriation in productions for international audiences
