The Works Heinrich Heine, Vol. 1 (Classic Reprint) Charles Godfrey Leland, 2018-03-15 Excerpt from The Works Heinrich Heine Vol 1 It is much to say of a voluminous writer in prose as well as verse that though he may have left many a line which for one reason or another he might personally have wished to blot he has left few that can be spared from the literature of the world This may justly be said of Heine but of how many others Let us apply the same severe test to greater names than even Heine's Take the man Whose mission on the whole most nearly resembled his Voltaire Voltaire was in some sense the mouthpiece of his generation he has through it produced the deepest effect on all generations to come he has left immortal things behind him but the project of a complete translation of Voltaire would kindle the enthusiasm of no publisher and no public Take the greatest of German writers Goethe in whom we most cheerfully acknowledge a greater than Heine but About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Works Heinrich Heine, Vol. 5 (Classic Reprint) Charles Godfrey Leland, 2017-12-26 Excerpt from The Works Heinrich Heine Vol 5 And this brings us to the other side of the shield that is to the defects and errors which such a thinker or reader can readily detect and reject as a skilled miner throws away from his gold the dross which would induce a more ignorant person to reject the whole But to find the gold one must understand the quartz which incrusts the oxide of iron and the glittering pyrites which conceals and deludes nay to a certain degree he must also appreciate their value as accompaniments of the precious metal That is to say the truly skilled seeker who most thoroughly masters a subject is in all cases the About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Works of Heinrich Heine, Vol. 2 (Classic Reprint) Charles Godfrey Leland, 2017-09-16 Excerpt from The Works of Heinrich Heine Vol 2 Whether Heine's genius and influence has been invariably and immediately exerted for good or for evil is and ever should be for the impartial student of literature and of history a matter of supreme indifference The greatest and most important developments are those whose real aims and value are first appreciated by posterity If progress be the peculiar law of humanity it is not less certain that agitation is the

mainspring of progress and that as a general rule all agitations however disagreeable they may have appeared to contemporaries have advanced the world Such goods as happiness and improved social culture can only be bought by blood and suffering About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **The Works of Heinrich Heine, Vol. 3 (Classic Reprint)** Charles Godfrey

Charles Godfrey Leland, 2018-03-21 Excerpt from The Works of Heinrich Heine Vol 4 The Salon of Heine as it was first published consisted of papers on the annual exhibitions of pictures held in Paris during several years and a portion of the Germany In the last complete German edition of his works this arrangement was changed and all his letters on art and music included in one volume entitled *I wctfia Berichte fiber Politik Kunt wud Volksleben* reports relative to Politics Art and Popular Life This I have translated restoring the title Salon because it is now so generally known that many might suppose that the series was imperfect unless that name could be found in it And as the whole work is though very discursive or varied based on artistic literary or msthetic subjects it will I think be generally admitted that the Salon is the most appropriate title for it About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged
