diagrams and the DT1A to DT1B Changes sections of the combined manual We encourage you to exercise caution when purchasing technical publications for your classic Yamaha DT Series motorcycle as many of the reprints found on internet websites are from bedroom sellers at enticingly low prices by individuals that really have no idea what they are selling Many are nothing more than poor quality comb bound photocopies that are scanned and printed complete with greasy pages and thumbprints and as such are deceptively described as pre owned used or even refurbished In addition they are often advertised for the incorrect series and or model years While original manuals can also be sourced through on line sellers they are normally very expensive and we are pleased to be able to offer this reasonable priced alternative VelocePress com has been publishing reprints of motorcycle and automobile manuals since 2003 and our publications have earned excellent reviews worldwide so you can be assured you are purchasing a quality product
