Zeven Stompjes Kaars:

Spirit of Resistance Jeroen Dewulf, 2010 The first book to offer a complete story of the extraordinary proliferation of Dutch clandestine literature under the Nazi occupation Clandestine literature was published in all countries under Nazi occupation but nowhere else did it flourish as it did in the Netherlands This raises important questions What was the content of this literature What were the risks of writing printing selling and buying it And why the Netherlands Traditionally the combative Dutch spirit of resistance has been cited a reaction not only to German oppression but to German propaganda while the Germans hoped to build bonds with their Germanic Dutch brothers clandestine literature insisted on their incompatibility However when reading clandestine literature one should not forget that this spirit of resistance came rather late and did not prevent the transportation of seventy three percent of the Netherlands Jewish population to Nazi death camps the largest percentage in Western Europe The Dutch case is complex while the country proved to be remarkably resistant to Nazi propaganda little was done to prevent the actual execution of Nazi policies The complete story of Dutch clandestine literature therefore combines resistance and complicity victory and defeat pride and shame Jeroen Dewulf is Queen Beatrix Professor of Dutch Studies in the Department of German at the University of California Berkeley **Publish and be Free** ,2012-12-06 In May 1970 the 25th anniversary of the liberation of the Netherlands was celebrated in the King s Library of the British Museum with an exhibition of Dutch clandestine printing The books shown were part of the considerable collection assembled in the intervening years by Miss Anna Simoni in the course of her official duties in the Department It has been decided that the size and quality of this collection justify the publication of a catalogue For this and the full indexes which have been provided credit is also due to Miss Simoni The British Library Board wishes to express its deep appreciation of the generosity of the donors and helpers whose names are mentioned in the introduction K B Gardner Principal Keeper Department of Printed Books INTRODUCTION The Second World War saw German rule extended over many countries where most of the people were fundamentally opposed to the Nazi ideology In all these enslaved nations Resistance movements sprang up and they took various forms one of the most important of which was the work of the illegal press In the Netherlands as elsewhere under ground newspapers were of the greatest political importance At the same time a large number of pamphlets helped to strengthen the people s will to continue the struggle and to form public opinion on future developments *Circus and Allied Arts* Raymond Toole Stott, 1971 *Brinkman's catalogus van boeken en tijdschriften* ,1941 With 1901 1910 1956 1960 Repertorium is bound Brinkman s Titel catalogus van de gedurende 1901 1910 1956 1960 Title varies slightly **Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971** New York Public Library.
