The Soviet Colossus Michael Kort,1993 New edition of a book endorsed in earlier incarnations by BCL3 Annotation copyright by Book News Inc Portland OR *The Soviet Colossus* ,1993 **The Fall of the Soviet Union, 1991** Susan Sales Harkins,William H. Harkins,2020-02-04 Soviet History begins with bloodshed oppression and strife Civil War stained the Russian landscape with the blood of its people after Nicholas II abdicated his throne to a provisional government The Bolsheviks wanted Russia and eventually they took her Peasants became citizens with rights but the truth is the civil war only changed the name of their oppressor from czar to Communist dictator After decades of isolation and sometimes harsh living conditions Mikhail Gorbachev ushered in an age of reform but in doing so he made enemies Then Boris Yeltsin championed reform and the rights of the people When Communist hard liners made one last effort to regain control Yeltsin held his ground Unlike its birth the death of the Soviet Union saw little bloodshed After seventy years even the Communist hard liners no longer had the stomach for killing citizens to keep control The union dissolved in 1991 **The World of Cyrus Eaton** Marcus Gleisser,2005 Cyrus S Eaton was born on December 27 1883 in the quiet Nova Scotian village of Pugwash He often visited Cleveland Ohio spending summer vacations from college with his uncle and was employed in 1905 by his first teacher John D Rockefeller Sr as a clerk and troubleshooter for the East Ohio Gas company one of the Midwest s major utilities in which Rockefeller had an interest Eaton became a U S citizen in 1913 and passed away at age ninety five on May 9 1979 An unpredictable financier and industrialist Cyrus Eaton invested widely earned millions lost it all during the Depression and then regained his fortune after World War II He earned a reputation as a steel tough man of finance and was the target of abuse from those who claimed his manipulations had caused them financial damage Marcus Gleisser s updated biography of Eaton brings into focus many events in the life of this controversial figure his strong support of labor his friendships with John L and his interest and participation in the American political arena especially his campaign for peace that culminated in the Nobel Prize winning Pugwash Conference The World of Cyrus Eaton addresses the man and the part he played in some of the controversial events and issues of the twentieth century It includes a new Foreword Preface and final chapter **A History of Russia, the Soviet Union, and Beyond** David MacKenzie,Michael W. Curran,2002 In this revision of their best selling book MacKenzie and Curran present a clear and objective account of the history of Russians and other eastern Slavs from its beginnings in ancient Rus to the demise of the Soviet Union and most recently the Putin presidency Acclaimed in the field for its clarity comprehensiveness and accuracy the text balances social cultural history with political history The authors approach weaves the external geographic determinism of the Eurasian school and the organic inner oriented approach of Russian historians **The Paths of Civilization** J. Krejci,2004-10-22 This work spans the development of civilizations from their remotest origins to the present day It examines the term civilization with reference to culture socio economic structure ethnicity and statehood Socio economic scenarios help the reader to explore the ways in which individual civilizations

through world views styles of life and responses to the environment that each bear their own signature struggle merge submerge in the flow of the currents of history

The Catholic Church and Russia Dennis J. Dunn, 2017-05-15 This unique account of Russia's encounter with Catholicism from the medieval period to the present provides fascinating insights into Catholic Russian relations Dennis Dunn analyzes religious politics in the former USSR and in Russia particularly in areas where relations between the state backed Orthodox establishment and the Catholic Church have renewed debates about civil rights religious freedom and Russian national identity under Vladimir Putin's regime Discussing issues such as the role of Pope John Paul II in helping to bring down the Iron Curtain Dunn argues provocatively that Catholic Russian relations are a microcosm of Western Russian relations and sheds new light on the historical strain between Russia and the West Showing how Russia's adoption of a secular ideology a vain attempt to surpass the West alienated the Russian government not only from the Catholic Church but also from its own Orthodox foundation this book discusses how Russia sealed its fate while precipitating the Cold War with the West Students and general readers interested in Russian history Western Russian relations Catholicism and comparative religion more broadly will find this an invaluable and accessible account of an important and understudied subject

Curran, 1997 This balanced text has been revised to reflect the dramatic changes that have occurred in the former Soviet Union and to give students the context in which they can understand the roots of those changes Introduced by a discussion of Russian history just prior to the Revolution the text looks at the development of the Soviet

Union goes beyond the political to reveal the complexity of social economic diplomatic and cultural forces that have shaped this country Two new chapters bring students up to date on the collapse of the Soviet Union and the legacy of Soviet Communism Highly praised Problems sections offer conflicting points of view among Soviet post Soviet and Western historians giving readers insight into the past and present debates in this changing nation **Anthropology & Archeology of Eurasia** ,1992 **Russian Social Science Review** ,1993 Whitaker's Books in Print ,1998 **Russian Studies in History** ,1992 *The Politburo* Roy D Laird,2019-06-25 Using both qualitative and quantitative analysis Dr Laird has compiled a unique catalog of data on every member of the Politburo since 1917 Central to the analysis is a change index that provides a running measure of politically motivated changes in Politburo membership Examining continuities and changes in the Politburo over the years the author shows that within each of the major leadership eras there were important subperiods marking significant policy changes He also uses the index along with other empirical measures to explain successes and failures of specific policy initiatives In the final chapters Dr Laird identifies the major constraints facing the post Brezhnev leadership and offers evidence that Gorbachev will likely attempt major economic and administrative reforms especially in the critical area of agriculture Because Gorbachev does not yet have the votes to initiate reforms however major efforts cannot be expected until later in the 1980s when a second period of the Gorbachev era is expected to begin **Russian Education and Society** ,1993 **Journal of Russian and East European Psychology** ,1993 Contains unabridged translations of articles from Russian and Eastern European sources primarily from scholarly journals and collections of articles published in book form Emergence of the Multi-party System in the Russian Federation Archana Upadhyay,2000 The Gorbachev Bibliography, 1985-1991 Joseph L.
