

The book cover features a colorful, painterly illustration. In the upper left, several faces of historical figures are depicted in profile or three-quarter view, overlapping each other. A large, white, diagonal shape, resembling a scroll or a piece of fabric, cuts across the center of the cover. Below this, the Statue of Liberty stands on a small island in the water. In the background, the U.S. Capitol building is visible on a hill. The overall style is expressive and artistic, with a mix of warm and cool colors.

criticism across the nation In this the first book on property rights to be published since the Kelo decision Timothy Sandefur surveys the landscape of private property in America s third century Beginning with the role property rights play in human nature Sandefur describes how America s Founders wrote a Constitution that would protect this right and details the gradual erosion that began with the Progressive Era s abandonment of the principles of individual liberty Sandefur tells the gripping stories of people who have found their property threatened Frank Bugryn and his Connecticut Christmas tree farm Susette Kelo and the little dream house she renovated Wilhelmina Dery and the house she was born in 80 years before bureaucrats decided to take it Dorothy English and the land she wanted to leave to her children and Kenneth Healing and his 17 year legal battle for permission to build a home Thanks to the abuse of eminent domain and asset forfeiture laws federal state and local governments have now come to see property rights as mere permissions which can be revoked at any time in the name of the greater good In this book Sandefur explains what citizens can do to restore the Constitution s protections for this cornerstone of liberty *The Story of the Gold at Sutter's Mill* R.
