The Story Of Webster S Third The Story Of Webster S Third

Minjie Lin

The Story Of Webster S Third The Story Of Webster S Third:

The Story of Webster's Third Herbert C. Morton, 1994 The publication of Webster's Third New International Dictionary in 1961 set off a storm of controversy in both the popular press and in scholarly journals that was virtually unprecedented in its scope and intensity This is the first full account of the controversy set within the larger background of how the dictionary was planned and put together by its editor in chief Philip Babcock Gove Based on original research and interviews with the people who knew and worked with Gove this is a human story as well as the story of the making of a dictionary The author skilfully interweaves an account of Gove's character and working habits with the evolution of the dictionary The reception given Webster's Third now widely regarded as one of the greatest dictionaries of our time illuminates public misconceptions about language and the role of dictionaries

Genealogy of One Branch of the Webster Family from Thomas

Webster, of Ormesby, County Norfolk, England Prentiss Webster, 1894 [The Cambridge Companion to English](#)

[Dictionaries](#) Sarah Ogilvie, 2020-09-24 How did a single genre of text have the power to standardise the English language across time and region rival the Bible in notions of authority and challenge our understanding of objectivity prescription and description Since the first monolingual dictionary appeared in 1604 the genre has sparked evolution innovation devotion plagiarism and controversy This comprehensive volume presents an overview of essential issues pertaining to dictionary style and content and a fresh narrative of the development of English dictionaries throughout the centuries Essays on the regional and global nature of English lexicography dictionary making explore its power in standardising varieties of English and defining nations seeking independence from the British Empire from Canada to the Caribbean Leading scholars and lexicographers historically contextualise an array of dictionaries and pose urgent theoretical and methodological questions relating to their role as tools of standardisation prestige power education literacy and national identity

Humanities, 2009 *Unabridged* Stefan Fatsis, 2025-10-14 From the author of the New York Times bestseller Word Freak a vibrant lively and illuminating journey through the exotic world of Merriam Webster dictionaries and language at a time of rapid fire change in the way we create consume define and use words Words are the currency of culture and never more than today From selfie to doomscrolling to rizz our hyper connected digital world coins and spreads new words with lightning speed and locks them into mainstream consciousness with unprecedented influence Journalist and bestselling author Stefan Fatsis embedded as a lexicographer in training at America's most famous dictionary publisher Merriam Webster to learn how words get into the dictionary where they come from who decides what they mean and how we write and think about them In so doing as he recounts in *Unabridged* he discovered the history and fascinating subculture of the dictionary and of those who curate and revere one of the most basic features of our collective humanity Fatsis reveals the little known story of how the brothers George and Charles Merriam acquired Noah Webster's original American dictionary and reshaped the business of language forever Merriam Webster became America's most successful and enduring compendium of words withstanding

intense competition and cultural controversies only to be threatened by the power of Google and artificial intelligence today Delving into Merriam's legendary archives and parsing its arcane rules Fatsis learns the painstaking precision required for writing good definitions He examines how the dictionary has handled the most explosive slurs and the revolutionary change in pronouns He votes on the annual Word of the Year travels to the legendary Oxford English Dictionary and visits the world's greatest private dictionary collection in a Greenwich Village apartment stuffed with more than 20 000 books Fatsis demonstrates how words are weaponized in our polarized political culture from liberal to woke to DEI and in a time of insurrections and pandemics how they can be a literal matter of life and death Along the way he manages to write a few definitions that crack the code and are enshrined in the pixelated dictionary I fell in love with the dictionary on my eleventh birthday Fatsis writes about the full color college lexicon he received on that day The dictionary projects permanence but the language is Jell-O slippery and mutable and forever collapsing on itself Unabridged takes readers to the heart of an industry in flux celebrating as it does the sheer thrill and wonder of words

Americanon Jess McHugh, 2021-06-01 An elegant meticulously researched and eminently readable history of the books that define us as Americans For history buffs and book lovers alike McHugh offers us a precious gift Jake Halpern Pulitzer Prize winner and New York Times bestselling author With her usual eye for detail and knack for smart storytelling Jess McHugh takes a savvy and sensitive look at the secret origins of the books that made and defined us You won't want to miss a one moment of it Brian Jay Jones author of *Becoming Dr Seuss* and the New York Times bestselling *Jim Henson* The true fascinating and remarkable history of thirteen books that defined a nation Surprising and delightfully engrossing *Americanon* explores the true history of thirteen of the nation's most popular books Overlooked for centuries our simple dictionaries spellers almanacs and how-to manuals are the unexamined touchstones for American cultures and customs These books sold tens of millions of copies and set out specific archetypes for the ideal American from the self-made entrepreneur to the humble farmer Benjamin Franklin's *Autobiography* *How to Win Friends and Influence People* Webster's *Dictionary* Emily Post's *Etiquette* *Americanon* looks at how these ubiquitous books have updated and reemphasized potent American ideals about meritocracy patriotism or individualism at crucial moments in history Old favorites like the *Old Farmer's Almanac* and Betty Crocker's *Picture Cook Book* are seen in this new way not just as popular books but as foundational texts that shaped our understanding of the American story Taken together these books help us understand how their authors most of them part of a powerful minority attempted to construct meaning for the majority Their beliefs and quirks as well as personal interests prejudices and often strange personalities informed the values and habits of millions of Americans woven into our cultural DNA over generations of reading and dog-earing Yet their influence remains uninvestigated until now What better way to understand a people than to look at the books they consumed most the ones they returned to repeatedly with questions about everything from spelling to social mobility to sex This fresh and engaging book is American history as you've never encountered it before
