or comparative studies The Unspeakable Art of Bill Viola Ronald R. Bernier, 2014-05-19 The breach of art from religion is just one of the many unhappy legacies of modernism There was a time however when the aesthetic and the spiritual were of a piece This study of the work of American video artist Bill Viola considers the possible reemergence of a theological dimension to contemporary art a reenchantment of art as some have called it Using the high tech apparatus of modern video Viola s art is rooted precisely in this theological tradition of transcendent mystical experience and spiritual self concentration The technological apotheosis of modern image making high speed film high definition video LCD and plasma screens and sophisticated sound recording are put to use by Viola in ways that significantly challenge prevailing intellectual and artistic traditions and return us to the power of the Sublime that which by definition defeats language Viola s art as such converges with postmodern notions of the unrepresentable and with the ancient theological tradition of apophysis speaking away or unsaying The fullness of meaning then appears only as a promise of presence through embodied absence neither fully here and now nor entirely elsewhere and beyond This study seeks to define through the work of a courageous and thoughtful contemporary artist the theological sublime as an aesthetic of revelation Exploring the Macabre, Malevolent, and Mysterious Matthew Hodge, Elizabeth Kusko, 2020-09-28 In this unique volume a number of scholars spanning diverse areas and backgrounds offer fresh insight into how perceived concepts of horror and dark subject matter influence cultures and societies around the world The contributions here explore how topics considered disturbing mysterious or fascinating are found not only in works of fiction and entertainment but also in the cultural fabrics belief systems artistic creations and even governmental structures of societies Topics discussed in this book include witchcraft voodoo zombies spiritualism serial killers monsters cemeteries pop culture entertainment and the sublime in transcendental experiences As the academic study of horror becomes more mainstream collections such as this are instrumental in realizing just how much it impacts our lives past present future and imaginary Thus this volume of intriguing and profound topics offers scholars students and lovers of learning a much needed fresh and innovative intellectual exploration of the horror genre and the cultural fascination with the mysterious unknown **Palgrave Advances in Byron Studies** J. Jungian Literary Criticism Susan Rowland, 2018-10-04 In Jungian Literary Criticism the essential guide Susan Rowland demonstrates how ideas such as archetypes the anima and animus the unconscious and synchronicity can be applied to the analysis of literature Jung's emphasis on creativity was central to his own work and here Rowland illustrates how his concepts can be applied to novels poetry myth and epic allowing a reader to see their personal psychological and historical contribution This multidisciplinary and transdisciplinary approach challenges the notion that Jungian ideas cannot be applied to literary studies exploring Jungian themes in canonical texts by authors including Shakespeare Jane Austen and W B Yeats as well as works by twenty first century writers such as in digital literary art Rowland argues that Jung's works encapsulate realities beyond narrow definitions of what a single academic discipline ought to do and through using case studies alongside Jung's work she demonstrates how both disciplines find a home in one another Interweaving Jungian analysis with literature Jungian Literary Criticism explores concepts from the shadow to contemporary issues of ecocriticism and climate change in relation to literary works and emphasises the importance of a reciprocal relationship Each chapter concludes with key definitions themes and further reading and the book encourages the reader to examine how worldviews change when disciplines combine The accessible approach of Jungian Literary Criticism the essential guide will appeal to academics and students of literary studies Jungian and post Jungian studies literary theory environmental humanities and ecocentrism It will also be of interest to Jungian analysts and therapists in training and in practice
