The Subversion Of Colonialism Moroccan Women Write Back To The Empire:

The Subversion of Colonialism: Moroccan Women Write Back to the Empire M'bark Bouzzit, 2014-07-18 Colonial imperial ideology works in ways that are not recognizable to all the colonial subjects Beneath the very deceitful ethical premise upon which colonial imperial ideology rests lies an invalid logic sustained by an array of verbal and visual Orientalist mythologies This book examines the representation of Moroccan women in certain European travel narratives and postcards and then shows the way in which the Moroccan women of the era of colonialism subverted colonial ideology This book dismantles the illusionary edifice of colonial imperial ideology and then advances the premise that the Moroccan women of the era of colonialism had their own way of defying the colonial myths In the main it examines the gaze as a new mode of resistance and so it shows how it attested to the Moroccan women s unique existence in the colonial context Gazing back at the colonizer and divesting them of their own existence gave birth to a very unique feminine way of writing back to the empire

Their active struggle against French colonialism also challenged and redefined traditional Moroccan ideas about women's roles in society. The narratives reconstruct the little known history of Moroccan feminism and nationalism and probe the lives of a remarkable group of Islamic women whose voices have never been heard until now. **Myth of the Silent Woman**
