impact our future in numerous ways The need to make ourselves better in every aspect of life and the primary ability to perform such a routine can be a lifestyle There is no proper way to live written in a book however through our shared knowledge and our comprehension we can shape a lifestyle that can be beneficial and exciting at the same time Though there is no doubt that falling into a specific routine can be difficult but maintaining a proper state is more critical for a successful life A man s habits are as good as his lifestyle Some habits are akin to successful people The path to greatness is less traveled and the habits to success may be difficult for some people to sustain The road to success is narrow and occasionally thorny because habits that will make you successful are uncomfortable and difficult to adapt Similar to Charles Darwin s theory of survival for the fittest only those who manage to trim their excesses and shape their habits will eventually be successful
