

The Sun Also Rises

INTRODUCTION

BRIEF BIOGRAPHY OF ERNEST HEMINGWAY

Ernest Hemingway grew up outside a suburb of Chicago, spending summers with his family in rural Michigan. After high school, he got a job writing for *The Kansas City Star*, but left after only six months to join the Red Cross Ambulance Corps during World War I, where he was injured and awarded the Silver Medal of Military Valor. Afterward, he lived in Ontario and Chicago, where he met his first wife, Hadley Richardson. In 1923 they moved to Paris, where he began a long friendship with F. Scott Fitzgerald and other ex-patriot American writers of the "lost generation." After the 1924 publication of his first novel, *The Sun Also Rises*, he divorced Hadley and married Arkansas native Pauline Pfeiffer. The couple moved to Florida, where Hemingway wrote *A Farewell to Arms* (1929), which became a bestseller. Hemingway finally moved to Spain to serve as a war correspondent in the Spanish Civil War, a job that inspired his famous 1939 novel *For Whom the Bell Tolls*. After its publication, he met his third wife, Martha Gellhorn. Hemingway married his fourth and final wife, Mary Hemingway, in 1946, and the couple spent the next fourteen years living in Cuba. After a final move to Idaho, Hemingway took his own life in 1961, following in the footsteps of his father who had committed suicide in 1928. Hemingway left behind his wife and three sons.

HISTORICAL CONTEXT

World War I transformed Europe. It redraw the map, destroying Empires like Ottoman Empire, the Austro-Hungarian Empire and annihilated Europe's conception of itself as a finely balanced set of national powers that would never descend into total war. With its fully mechanized machine-based and trench warfare, the war also profoundly changed people's understanding of war, from something that could be won to something that could not. Hemingway fought in the First World War as a young man and suffered both a physical injury, the transformation of his own thoughts and ideas in the face of that experience, and the anguish of realizing that many of those who did not experience the war still held to those romantic visions of the war. In the post-war years, Hemingway also experienced many of the same things his characters in *The Sun Also Rises* do: he was a journalist for the *Seattle Star*, was an expatriate living in Paris, and took several trips to various European cities.

RELATED LITERARY WORKS

The Sun Also Rises has two quotes as its epigraph that point to some of Hemingway's influences. One is Gertrude Stein's "You are all a lost generation!" Stein and her modernist style and values were a big influence on Hemingway, and she coined the term "lost generation" that has come to define the themes of this and so many novels from the twenties. The other epigraph quote is a passage from the Bible's book of Ecclesiastes, which is also the source of the novel's title, in the line "The sun also ariseth, and the sun goeth down." This quote, which comments on the fact that despite the passing of generations, the earth and its normal rhythms remain—a new day will always dawn—offering a note of optimism to the novel, that the lost generation may not be lost forever. Hemingway lived and worked among a host of other American, expatriate, modernist writers in Paris, and was surrounded by both new voices in literature like Stein, James Joyce, Eric Pound, as well as cutting-edge portions of the time like Pablo Picasso. *The Sun Also Rises* is part of a family of works from the modernist period that deal with the post-war sense of the generation who experienced World War I, of rootlessness and being lost. *The Great Gatsby* by F. Scott Fitzgerald, *Tender Buttons* by Gertrude Stein, and *The Waste Land* by T.S. Eliot are other examples of literature dealing with these themes.
