The Taxation Of Income From Capital:

The Taxation of Income from Capital Arnold C. Harberger, 1969 Compilation of papers on problems of income taxation and the effects thereof on capital gains in the USA covers economic implications legal aspects of the tax system fiscal policy long term pattern of financing of enterprises the effects of income taxation on labour force supply etc and includes statistical tables and information on personal income and investment References *The Taxation of Capital Income* Alan J. Auerbach, 1983 This volume presents seven theoretical essays examining the effects of capital income taxation on the behavior of firms It examines optimal tax design firm financial policy and inflation The essays demonstrate the powerful role taxes play in shaping the behavior of American corporations and also provide insights into the task of tax reform *The Taxation of Income from Capital* Mervyn A. King, Don Fullerton, 2010-06-15 Taxation both corporate and personal has been held responsible for the low investment and productivity growth rates experienced in the West during the last decade This book a comparative study of the taxation of income from capital in the United States the United Kingdom Sweden and West Germany establishes for the first time a common framework for analysis that permits accurate comparison of tax systems

The Taxation of Income from Capital, 1986 Capital Taxation Martin S. Feldstein, 1983 Feldstein shows how systems of taxation influence the rate and nature of capital formation key to the development of any economy His identification of important economic and policy questions adroit use of modeling and new data and careful attention to dynamics make this book a powerful addition to the literature **The Taxation of Income from Capital**, 1983 This working paper presents Chapter 2 of a book that has been submitted to the University of Chicago Press for publication consideration The point of the book is to compare taxes on income from capital in four countries accounting for corporate personal and property taxes and including national regional and local level taxes We describe statutory tax rates and other tax rules in each country and calculate overall effective marginal tax rates for different combinations of asset industry source of finance and ownership categories This chapter defines the methodological problems of estimating effective tax rates on income from capital and it defines the limits of this analysis by pointing out areas that are excluded by this study It sets out the parameters that need to be estimated for each country and describes other data requirements involving the amount of each capital asset located in each industry financed by each source and owned by each ownership category *Taxation of Income from Capital* New Zealand. Consultative Committee on the Reform of the Taxation of Income from Capital, New Zealand. Ministry of Finance, 1989 The taxation of income from capital : an overview, 1989 Summarises the reforms previewed in the Consultative Document on the Taxation of Income from Capital and discusses the impact these reforms will have **United States Income and War Tax Guide Based on Revenue Act of ... and Regulations, Rulings and Decisions Up to ...** William Kix Miller, 1919 **Income Tax Regulations, Final and Proposed Under Internal Revenue Code** United States.
