The Soul of a Horse Blogged - the Journey Continues Joe Camp, 2010-10-04

On the Back of a Horse Claire Dorotik Ma, 2011-02 On the Back of a Horse Harnessing the Healing Power of the Human Equine Bond is an entrance into the spiritual world of horses the devastation of raw human trauma and the equine facilitated psychotherapy that can help heal it Using narrative interviews and case studies of equine experts and psychology researchers the reader is given entrance into the world of equine facilitated psychotherapy and in doing so taken on an epic journey to discover how it is that these magical creatures understand so much about human trauma than we ourselves do

God Only Knows Joe Camp, 2020-05-19 Meet the ordinary but unqualified proof that you can accomplish whatever you want to accomplish in life no matter how impossible it might seem God planted that passion in your heart and will use it to make your life extraordinary Against the odds This is a riveting true story that dares you to dream Joe Camp showed his film to every studio in Hollywood and couldn't get a distributor Nobody wanted Benji Nobody Zero The following summer Variety reported that the movie was the 3 box office gross of all movies for the year In spite of all the folks who were so quick to say You can't do that That's impossible Give up Quit Sit down Shut up Go away If it could be done somebody would have done it already God's hand at work Up close and personal

And what a story this book is as Joe Camp learns how every devastation that he believed to be surely the end of life as he knew it had to happen exactly as God orchestrated it or there never would've been a Benji Or six Benji films And there never would've been a bestselling book changing the lives of horses all across the planet Or a second love of his life after his Carolyn was called home God Only Knows is a true story that reads like a spellbinding novel emotionally involving and packed with suspense while totally shredding our resistance to fully trusting God with our every devastation so that we might see our adversities for what they are God molding us strengthening us teaching us how to get past the multitude of obstacles that any worthwhile dream will throw at us My fondest hope is that this book might inspire you to mount a white horse and charge off after things worthwhile to reach for heights heretofore perceived as unreachable to adventure into uncharted waters with passion honesty and God by your side and leave this world a better place for your effort Joe Camp **Horse Crazy** Jean O'Malley Halley, 2019-07-01 Horse Crazy explores the meaning behind the love between girls and horses Jean O'Malley Halley a self-professed horse girl contends that this relationship and its cultural signifiers influence the manner in which young girls define their identity when it comes to gender Halley examines how popular culture including the pony book genre uses horses to encourage conformity to gender norms but also insists that the loving relationship between a girl and a horse fundamentally challenges sexist and mainstream ideas of girlhood Horse Crazy looks at the relationships between girls and horses through the frameworks of Michel Foucault's concepts of normalization and biopower drawing conclusions about the way girls' agency is both normalized and resistant to normalization Segments of Halley's own experiences with horses as a young girl as well as experiences from the perspective of other girls are sources for examination Horse girls as she calls them are girls who find a way to defy the expectations given to them by society thinness obsession with makeup and beauty frailty and gain the possibility of freedom in the process Drawing on Nicole Shukin's uses of animal capital theories Halley also explores the varied treatment of horses themselves as an example of the biopolitical use of nonhuman animals and the manipulation and exploitation of horse life In so doing she engages with common ways we think and feel about animals and with the technologies of speciesism Land of the Horses Chris Lombard, 2025-11-04 An intensely moving memoir of a young man who left heartbreak in Maine to seek healing Out West in the company of horses Growing up in a small Maine town Chris Lombard had never ridden a horse never even touched one But on one fateful night as what he'd thought was a happy twenty-something life full of love and possibility fell suddenly apart he met two horses and looked into their eyes What he saw inspired him to leave everything he had and everything he didn't have behind and go in search of what was missing With the little he needed packed in his ten-year-old Pontiac Grand Prix and little more to go on than a belief that someone would give him a chance Chris headed west to find work on a horse ranch His journey took him first to the mountains of Colorado then the Hollywood Hills of California and finally the wild borderlands of Southern Arizona The settings changed but the same lessons came in quiet moments movingly captured in these pages watching horses reaching out to them

swinging upon their backs Chris learned new meanings for words presence connection softness and balance the elements of good horsemanship feeding a deep hunger he didn't know he had But learning to ride a horse learning to communicate with him to teach him things these required qualities Chris was only beginning to cultivate Human nature plans it pushes and it rushes And it would take a terrible accident to awaken a whole new awareness for time and space and Chris's place within it beside a horse In the austere beauty of the Sonora Desert Chris met a cowboy whose intense love for life on the back of a horse held a deep sadness at bay but only for so long Their brief time together working land and livestock would bring Chris to the realization that the richly fulfilling new life he'd found held all the answers he sought but only if he could ultimately leave it behind Evocatively written interweaving the author's growing understanding of horses and how we connect with them with his deeply personal experiences Land of the Horses brings to life a young man's transformation alongside the horses people and dramatic landscapes of the American West Healing heartbreak falling and getting back on searching for something true this is a story that is in all of us And it shows we are all capable of creating the life we truly want to live
