

The Southern Appalachian Region The Southern Appalachian Region

Charlotte T. Ross

The Southern Appalachian Region The Southern Appalachian Region:

The Southern Appalachian Region Thomas R. Ford, 2014-07-15 The Southern Appalachian Region is the largest American problem area an area whose participation in the economic growth of the nation has not been sufficient to relieve the chronic poverty of its people The existence of the problem was recognized a generation ago but in the past decade the resistance of such areas to economic advance has acquired a more urgent significance in American thought In 1958 a group of scholars undertook to make a new survey of the Southern Appalachian Region Aided by grants from the Ford Foundation ultimately amounting to 250 000 they set out to analyze the direction and extent of the changes which had taken place since the last survey in 1935 to define the problem in terms of the present situation and if possible to arrive at recommendations for action which might enable the leaders of the Region and the nation to attack the problem with practical measures In this volume are presented their comprehensive reports on the Region s population its economy its institutions and its culture The problems defined by this survey are a challenge to the whole nation for the consequences of success or failure in solving them will not be limited to the Southern Appalachian Region

The Southern Appalachians Susan Yarnell, 1999-05 Describes the natural and geological processes that have changed the Southern Appalachian landscape over millions of years Chapters Paleo Indian Period Archaic Period Woodland and Mississippian Periods early history European settlement early 19th cent Civil War and its aftermath late 19th cent early 20th cent conservation in the Southern Appalachians Great Depression and New Deal WWII and the 1950s and recent decades Appendix of plant and animal names Parks and wilderness areas have provided refuge for native plants and animals whereas in national forests managers have sought to regulate resource extraction

The Southern Appalachian Region Appalachian Studies Association, 1962 **A History of Appalachia** Richard Drake, 2003-09-01 Richard Drake has skillfully woven together the various strands of the Appalachian experience into a sweeping whole Touching upon folk traditions health care the environment higher education the role of blacks and women and much more Drake offers a compelling social history of a unique American region The Appalachian region extending from Alabama in the South up to the Allegheny highlands of Pennsylvania has historically been characterized by its largely rural populations rich natural resources that have fueled industry in other parts of the country and the strong and wild undeveloped land The rugged geography of the region allowed Native American societies especially the Cherokee to flourish Early white settlers tended to favor a self sufficient approach to farming contrary to the land grabbing and plantation building going on elsewhere in the South The growth of a market economy and competition from other agricultural areas of the country sparked an economic decline of the region s rural population at least as early as 1830 The Civil War and the sometimes hostile legislation of Reconstruction made life even more difficult for rural Appalachians Recent history of the region is marked by the corporate exploitation of resources Regional oil gas and coal had attracted some industry even before the Civil War but the postwar years saw an immense expansion of American industry nearly all of which relied heavily

on Appalachian fossil fuels particularly coal What was initially a boon to the region eventually brought financial disaster to many mountain people as unsafe working conditions and strip mining ravaged the land and its inhabitants A History of Appalachia also examines pockets of urbanization in Appalachia Chemical textile and other industries have encouraged the development of urban areas At the same time radio television and the internet provide residents direct links to cultures from all over the world The author looks at the process of urbanization as it belies commonly held notions about the region s rural character *Mountaineers and Rangers* Shelley Smith Mastran,1983 *The Southern Appalachians* Susan L. Yarnell,1998

Appalachians and Race John C. Inscoe,2001-12-01 African Americans have had a profound impact on the economy culture and social landscape of southern Appalachia but only after a surge of study in the last two decades have their contributions been recognized by white culture Appalachians and Race brings together 18 essays on the black experience in the mountain South in the nineteenth century These essays provide a broad and diverse sampling of the best work on race relations in this region The contributors consider a variety of topics black migration into and out of the region educational and religious missions directed at African Americans the musical influences of interracial contacts the political activism of blacks during reconstruction and beyond the racial attitudes of white highlanders and much more Drawing from the particulars of southern mountain experiences this collection brings together important studies of the dynamics of race not only within the region but throughout the South and the nation over the course of the turbulent nineteenth century *Exploring Southern Appalachian Forests* Stephanie B. Jeffries,Thomas R. Wentworth,2014-09-22 This unique hiking guide to the southern Appalachian mountains leads readers to explore the rich forest ecosystems and other natural communities visitors encounter along the trail Drawing on years of experience guiding forest walks throughout the region Steph Jeffries and Tom Wentworth invite hikers and nature lovers to see their surroundings in new ways Readers will learn to decipher clues from the tree canopies forest floor and other natural features to appreciate more fully the environmental factors that make the southern Appalachians home to an amazing biodiversity These thirty popular hikes in Virginia North Carolina South Carolina Tennessee and Georgia range from short walks along Blue Ridge Parkway pull offs to longer day trips in the region s backcountry Offering spectacular mountain scenery and natural wildflower gardens these trails are the perfect place to gain a new appreciation for the natural communities of the region Features include A summary including distance difficulty and GPS coordinates for each hike A narrative description of each hike including the unique natural features waiting to be discovered Detailed instructions to keep you on the trail Best seasons to go for wildflower and foliage views Contact information for each area Photos and maps to orient you An illustrated guide to southern Appalachia s most common trees and shrubs including tips on identification Economic and Social Problems and Conditions of the Southern Appalachians ,1935 **Our Southern Highlanders** Horace Kephart,1913 Travel author Horace Kephart discusses the culture of Appalachia he observed while living in a mountain cabin for several months at the start of the 20th century This edition

contains all of his original photographs An honest and eye opening account of the old Appalachian culture Our Southern Highlanders attests to rugged yet proud communities well adapted to the rough terrain We discover a people who have carved out an existence through sheer grit and persistence the hardships of mountain life are evident in the worn faces and attire Though the region is secluded the inhabitants are by no means cut off trade is regular and many locals are descended from Irish Scots and English immigrants to North America Recording conversations and photographing the most noteworthy sights of his stay Kephart strives to portray the Appalachian region fairly Although known for his travel writing a craft usually aimed to encourage and inform potential visitors to a given place Our Southern Highlanders carries an investigative and journalistic element After its release critics were surprised at how Kephart portrayed the Appalachian way of life in a realistic and honest fashion in decades prior the culture had received negative treatment by writers unfamiliar and disapproving However Kephart was criticized for focusing overly on the more sensationalist aspects of mountain life the making of moonshine for instance features heavily with stills photographed

[Geomorphology of the Southern Appalachians](#) Charles Willard Hayes, Marius Robinson Campbell, 1894

Dictionary of Southern Appalachian English Michael B. Montgomery, Jennifer K. N. Heinmiller, 2021-06-22 The Dictionary of Southern Appalachian English is a revised and expanded edition of the Weatherford Award winning Dictionary of Smoky Mountain English published in 2005 and known in Appalachian studies circles as the most comprehensive reference work dedicated to Appalachian vernacular and linguistic practice Editors Michael B Montgomery and Jennifer K N Heinmiller document the variety of English used in parts of eight states ranging from West Virginia to Georgia an expansion of the first edition s geography which was limited primarily to North Carolina and Tennessee and include over 10 000 entries drawn from over 2 200 sources The entries include approximately 35 000 citations to provide the reader with historical context meaning and usage Around 1 600 of those examples are from letters written by Civil War soldiers and their family members and another 4 000 are taken from regional oral history recordings Decades in the making the Dictionary of Southern Appalachian English surpasses the original by thousands of entries There is no work of this magnitude available that so completely illustrates the rich language of the Smoky Mountains and Southern Appalachia

Naturalist's Guide to the Americas Nature Conservancy (U.S.), 1926

Appalachia in the Sixties David S. Walls, John B. Stephenson, 2021-03-17 In The Southern Appalachian Region A Survey published by the University Press of Kentucky in 1962 Rupert Vance suggested a decennial review of the region s progress No systematic study comparable to that made at the beginning of the decade is available to answer the question of how far Appalachia has come since then but David S Walls and John B Stephenson have assembled a broad range of firsthand reports which together convey the story of Appalachia in the sixties These observations of journalists field workers local residents and social scientists have been gathered from a variety of sources ranging from national magazines to county weeklies Focusing mainly on the coalfields of West Virginia eastern Kentucky southwestern Virginia and north central Tennessee the

editors first present selections that reflect the rediscovery of the region as a problem area in the early sixties and describe the federal programs designed to rehabilitate it and their results Other sections focus on the politics of the coal industry the extent and impact of the continued migration from the region and the persistence of human suffering and environmental devastation A final section moves into the 1970s with proposals for the future Although they conclude that there is little ground for claiming success in solving the region s problems the editors find signs of hope in the scattered movements toward grass roots organization described by some of the contributors and in the new tendency to define solutions in terms of reconstruction rather than amelioration

The Southern Appalachian Region The Southern Appalachian Region: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels enthraling the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the captivating narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and thrilling novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
