The Status Of Rural Women In China:

The Status of Rural Women in China Farhana Haque Rahman, 1995 Estudio de la situación de la mujer rural en China en el que se plasman los cambios sufridos en las últimas décadas por las mujeres que han emergido como destacadas contribuidoras al fuerte crecimiento que ha tenido lugar en los últimos años. En un primer capítulo se hace un breve repaso de la historia reciente de China que sirve de contexto para situar la realidad de la mujer china que desarrolla en capítulos posteriores en los que se tratan diversos aspectos: El hogar, el trabajo, las políticas de producción y acceso a la tierra, recursos económicos y las políticas reproductivas. Incluye apéndice con datos estadísticos relativos a los aspectos anteriormente mencionados. *Women in Rural Development* Elisabeth Croll, 1979 Oorspr. uitg. 1979 *Engendering China* Christina K. Gilmartin, 1994-04-08 This first significant collection of essays on women in China in more than two decades captures a pivotal moment in a cross cultural and interdisciplinary dialogue. For the first time the voices of China based scholars are heard alongside scholars positioned in the United States. The distinguished contributors to this volume are of different generations, hold citizenship in different countries and were trained in different disciplines but all embrace the shared project of mapping gender in China and making power laden relationships visible. The essays take up gender issues from a variety of disciplinary perspectives. Chapters focus on learned women in the eighteenth century, the changing status of contemporary village women, sexuality and reproduction, prostitution, women's consciousness, women's writing, the gendering of work and images of women in contemporary Chinese fiction. Some of the liveliest disagreements over the usefulness of western feminist theory and scholarship on China take place between Chinese working in China and Chinese in temporary or longtime diaspora. *Engendering China* will appeal to a broad academic spectrum including scholars of Asian studies, critical theory, feminist studies, cultural studies and policy studies. *Out to Work* Arianne M. Gaetano, 2015-04-24 *Out to Work* is a fresh, engaging account of the lives of a group of rural Chinese women who while still in their teens moved from villages to Beijing to take up work as maids, office cleaners, hotel chambermaids and schoolteachers. By pursuing new opportunities afforded by migration and strategically applying accumulated knowledge and resources, these women were able to forge better lives for themselves and their families. But as this book also makes clear, broader social inequalities persist to make these women's futures precarious. This book's unique approach offers readers an intimate look at the impact of labor migration on young women over a ten year period. We follow Gaetano's informants as they adapt to Beijing, visit their home villages and move on to new jobs and postmarital homes. Gaetano does an excellent job showing how these young female migrants navigate constraints and challenges, enhancing their own and their family's social and economic status. Hong Zhang, Colby College. This fresh, highly readable book demonstrates vividly how gender norms and rural-urban inequalities not only shaped women's identities and aspirations but also had palpable physical and material consequences for them. Yet despite the discrimination and hardship they experienced, they were able to build better lives for themselves. Gaetano's book convincingly

shows that labor migration has increased many rural women's possibilities for exercising agency Rachel Murphy University of Oxford
