The Story Of Atlantis And The Lost Lemuria:

The story of Atlantis William Scott-Elliot,2017-12-27 The destruction of Atlantis was accomplished by a series of catastrophes varying in character from great cataclysms in which whole territories and populations perished to comparatively unimportant landslips such as occur on our own coasts to day When the destruction was once inaugurated by the first great catastrophe there was no intermission in the minor landslips which continued slowly but steadily to eat away the continent Four of the great catastrophes stand out above the rest in magnitude The first took place in the Miocene age about 800 000 years ago The second which was of minor importance occurred about 200 000 years ago The third about 80 000 years ago was a very great one It destroyed all that remained of the Atlantean continent with the exception of the island to which Plato gave the name of Poseidonis which in its turn was submerged in the fourth and final great catastrophe of 9564 B C Now the testimony of the oldest writers and of modern scientific research alike bear witness to the existence of an ancient continent occupying the site of the lost Atlantis Before proceeding to the consideration of the subject itself it is proposed cursorily to glance at the generally known sources which supply corroborative evidence These may be grouped into the five following classes First the testimony of the deep sea surroundings Second the distribution of fauna and flora Third the similarity of language and of ethnological type Fourth the similarity of religious belief ritual and architecture Fifth the testimony of ancient writers of early race traditions and of archaic flood legends

The Story of Atlantis and the Lost Lemuria W. Elliot,2013-06-16 Plato told the story of Atlantis around 360 B C The founders of Atlantis he said were half god and half human They created a utopian civilization and became a great naval power Their home was made up of concentric islands separated by wide moats and linked by a canal that penetrated to the center The lush islands contained gold silver and other precious metals and supported an abundance of rare exotic wildlife There was a great capital city on the central island There are many theories about where Atlantis was in the Mediterranean off the coast of Spain even under what is now Antarctica The legend of Atlantis is a story about a moral spiritual people who lived in a highly advanced utopian civilization But they became greedy petty and morally bankrupt and the gods became angry because the people had lost their way and turned to immoral pursuits Orser says As punishment he says the gods sent one terrible night of fire and earthquakes that caused Atlantis to sink into the sea

Legends of Atlantis and Lost Lemuria W. Scott-Elliot,1925-01-01 In this book inhabitants of Atlantis and Lemuria come alive their hopes and fears their achievements and sins The submerged continents are described in graphic detail their location history flora and fauna human inhabitants customs science religion and contact with advanced teachers The information comes from the writings of Plato from the esoteric tradition as set forth in The Secret Doctrine of H P Blavatsky and from the clairvoyant writings of C W Leadbeater one of the most remarkable sensitives of modern times The result is a modern expression of a timeless myth in which everyone now living has a role Color maps are included in the book

The Story of Atlantis and the Lost Lemuria W. Scott-Elliot,2014-04-24 A theosophist and believer of

the Occult W Scott Elliot gives us a description of the history and structure of Atlantis and Lemuria along with what he considers evidence of this The Story of Atlantis is prefaced by famed occultist Alfred Percy Sinnett There is no limit really to the resources of astral clairvoyance in investigations concerning the past history of the earth whether we are concerned with the events that have befallen the human race in prehistoric epochs or with the growth of the planet itself through geological periods which antedated the advent of man or with more recent events current narrations of which have been distorted by careless or perverse historians The memory of Nature is infallibly accurate and inexhaustibly minute A time will come as certainly as the precession of the equinoxes when the literary method of historical research will be laid aside as out of date in the case of all original work People among us who are capable of exercising astral clairvoyance in full perfection but have not yet been called away to higher functions in connexion with the promotion of human progress of which ordinary humanity at present knows even less than an Indian ryot knows of cabinet councils are still very few Those who know what the few can do and through what processes of training and self discipline they have passed in pursuit of interior ideals of which when attained astral clairvoyance is but an individual circumstance are many but still a small minority as compared with the modern cultivated world But as time goes on and within a measurable future some of us have reason to feel sure that the numbers of those who are competent to exercise astral clairvoyance will increase sufficiently to extend the circle of those who are aware of their capacities till it comes to embrace all the intelligence and culture of civilised mankind only a few generations hence from the Preface This collection of two important works provides an in depth analysis of both Atlantis and Lemuria The destruction of Atlantis was accomplished by a series of catastrophes varying in character from great cataclysms in which whole territories and populations perished to comparatively unimportant landslips such as occur on our own coasts today It was the Toltec race who developed the highest civilization and organized the most powerful empire of any of the Atlantean peoples It must be remembered that humanity was still for the most part possessed of psychic attributes and by this time the most advanced had undergone the necessary training in the occult schools and had attained various stages of initiations some even reaching to Adeptship This was the golden age of the Toltec race The government was just and beneficent the arts and sciences were cultivated indeed the workers in these fields guided as they were by occult knowledge achieved tremendous results religious belief and ritual was still comparatively pure in fact the civilization of Atlantis had by this time reached its height Also included is The Lost Lemuria Although the lost continent of Atlantis has so far received scant recognition from the world of science the general consensus of opinion has for long pointed to the existence at some prehistoric time of a vast southern continent to which the name of Lemuria has been assigned

Story of Atlantis and the Lost Lemuria , 2016

The Story of Atlantis W Scott-Elliot, 2020-08-02 What was the real City of Atlantis A fantasy A real place Both The Greek philosopher Plato c 429 347 BCE describes the City of Atlantis in his two Socratic dialogues called

Timaeus and Critias The story of Atlantis with its extraordinary wealthy and advanced civilization which was swept into the sea to be lost for ever has been one of the western world s favorite legends a tantalizing blend of fantasy and mystery W Scott Elliot was a great theosophist and offered us a geographical historical and ethnological sketch of this fabulously city He also described in this book The Lost Lemuria Although there is no proof yet proving once and for all that Atlantis is a tale or truth there does seem to be quite a lot of compelling evidence for the latter We guess only time and open minded archeologists scientists will tell

The Story of Atlantis & The Lost Lemuria, Etc. (Reprinted.). William Scott ELLIOT,1954 **The Story of Atlantis and Lost Lemuria** W. Scott-Elliot,2014-05-04 The story the legend the myth of Atlantis and her sister civilization Lemuria have enthralled modern people for centuries For some Atlantis and Lemuria are fables designed to teach lessons or to entertain for others they are a secret link to lost history Modern archeological evidence is sketchy at best so the legends of Atlantis and

Lemuria remain guesswork ready for people to believe or disbelieve as they please THE STORY OF ATLANTIS LOST LEMURIA offers a different scenario The author not only claims these civilizations existed but covered most of the world and reached heights of progress that man could only dream of for the many tens of thousands of years that followed Is W Scott Elliott a crackpot or does he have a unique perspective that modern science is too narrow minded to grasp While you decide for yourself you will enjoy reading **The Story of Atlantis & Lost Lemuria** W. Scott-elliott,2014-03-10 THE STORY OF ATLANTIS 1896 for others they are a secret link to lost history Modern archeological evidence is sketchy at best so the legends of Atlantis and Lemuria remain guesswork ready for people to believe or disbelieve as they please THE STORY OF ATLANTIS LOST LEMURIA offers a different scenario The author not only claims these civilizations existed but covered most of the world and reached heights of progress that man could only dream of for the many tens of thousands of years that followed Is W Scott Elliott a crackpot or does he have a unique perspective that modern science is too narrow minded to grasp While you decide for yourself you will enjoy reading **The Story of Atlantis and the Lost Lemuria (Esprios Classics)** W. Scott-Elliott,2017-04-28 After the demise of Lemuria new races emerged on Atlantis from the surviving ape like creatures This led to the Atlantean races beginning with the black skinned Rmoahal and leading to the copper coloured Tlavatli who were ancestor worshippers and then the Toltecs who had advanced technology including airships The Toltecs were succeeded by First Turanians and then Original Semites These later produced further sub races the Akkadians and Mongolians A group of Akkadians migrated to Britain 100 000 years ago where they built Stonehenge The crudity of the design in contrast to Atlantean architecture is explained by the fact that the rude simplicity of Stonehenge was intended as a protest against the extravagant ornament and over decoration of the existing temples in Atlantis where the debased worship of their own images was being carried on by the inhabitants Scott Elliot also claimed that Atlantis split into two linked islands one called Daitya and the other Ruta Eventually only a remnant of Ruta remained called Poseidonis before that too disappeared **The Story of Atlantis and the Lost Lemuria** W. Scott-Elliott,2019-11-20 In The Story of Atlantis and the Lost Lemuria W Scott Elliot intricately weaves a narrative that explores the mythical realms of Atlantis and Lemuria drawing from ancient texts esoteric traditions and theosophical philosophy The book employs a rich engaging literary style that blends speculative history with vivid storytelling inviting readers to embark on a journey through time and consciousness Scott Elliot s endeavor is not merely to recount legends but to analyze their profound implications on human development and spiritual evolution positioning these lost civilizations within a broader metaphysical framework W Scott Elliot a notable figure in the early theosophical movement was deeply influenced by his studies of occult philosophy and Eastern mysticism His work reflects a synthesis of his interest in anthropology spirituality and the fading memory of ancient civilizations Scott Elliot s conviction that these legendary societies held secrets to the evolution of human thought and culture propelled him to write this compelling exploration aiming to illuminate the hidden aspects of our historical consciousness This book is highly

recommended for those intrigued by ancient myths forgotten civilizations and the intersection of spirituality and history Readers will find The Story of Atlantis and the Lost Lemuria not only an illuminating account of two legendary lands but also a thought provoking examination of humanity s collective legacy making it an indispensable addition to any scholarly or casual library In this enriched edition we have carefully created added value for your reading experience Hand picked Memorable Quotes shine a spotlight on moments of literary brilliance Interactive footnotes clarify unusual references historical allusions and archaic phrases for an effortless more informed read The Story of Atlantis William Scott Elliott,2023-07-18 In this groundbreaking work William Scott Elliot presents a comprehensive account of the lost continent of Atlantis Drawing on ancient texts and occult sources Scott Elliot maps out the history culture and spiritual legacy of this legendary civilization A must read for anyone interested in history mythology or the occult This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant
