

Normative Analysis, Examples

(with which you may or may not agree)

- Prison provision should be contracted out to private companies.
- A property tax is a better way to finance local public services than a local income tax.
- Cities should not use property tax exemptions to promote economic development.
- States should give more education aid to school districts with a high concentration of at-risk students.

Cheshire, 1986 Fifteen essays in this handbook are divided into four parts Part I surveys basic spatial and spatially related research Part II surveys literature on specific urban markets Part III is devoted to studies of urban development and problems in developing countries Part IV contains papers on specific urban problems and sectors CORP 2011 Proceedings/Tagungsband Manfred Schrenk, Vasily V. Popovich, Peter Zeile, **Urban Change in the United States and Western Europe** Anita A. Summers, P. C. Cheshire, Lanfranco Senn, 1999 In this completely revised second edition the authors explore what can be learned from a rigorous comparison of the patterns of urban concentrations of residents and employment in Western Europe and the United States Using a wide range of methodological techniques including economic theory econometrics regional science and institutional historical analysis the essays analyze the factors underlying urban economic development with particular emphasis on the role and effectiveness of public policy **Asia-Pacific Contemporary Finance and Development** William A. Barnett, Bruno S. Sergi, 2019-06-19 This volume of The International Symposia in Economic Theory and Econometrics explores and investigates contemporary challenges and issues facing the Asia Pacific economies For researchers and students of economics and finance this volume is a fascinating exploration of emerging topics in one the fastest growing economies in the world **Environmental Valuation** John. I. Carruthers, Bill Mundy, 2017-11-30 Environmental quality is one of the most important issues faced by contemporary urban and regional policy Amenities such as access to the natural environment attractive neighbourhood characteristics and high quality public goods and services play a direct role in determining where people choose to live and how much they are willing to do so Likewise negative environmental conditions such as contamination influence the real estate markets and the value of a region Increasingly regions become winners or losers based on the quality of life they offer their inhabitants Bringing together a team of leading scholars this book addresses the issues of environmental valuation answering questions such as What kinds of features matter How large of an affect do they have How do they affect the spatial distribution of the population And how should the value that people place on their environment affect urban and regional policy Energy Efficiency in the Urban Environment Heba Allah Essam E. Khalil, Essam E. Khalil, 2015-02-12 Energy Efficiency in the Urban Environment is a study of energy crisis urbanisation and climate change as well as a discussion of how to combat these global challenges With a special focus on Egypt this book addresses the macroscale of urbanism from the perspective of city dwellers quality of life and explores the microscale of buildings and The Business Review Federal Reserve Bank of Philadelphia, 2009 Journal of Urban Economics ,1992 *The Structure of Local Public Finance and the Quality of Life* Joseph E.
