The Submerged Reality Michael Martin, 2015-02-10 In *The Submerged Reality Sophiology and the Turn to a Poetic Metaphysics* Michael Martin challenges us to reimagine theology philosophy and poetics through the lens of sophiology Sophiology as this book shows is not a rogue theology but a way of perceiving that which shines through the cosmos a way that can return metaphysics to postmodern thought and facilitate a re union of religion science and art This is a brave powerful and intensely fascinating book that will certainly prove controversial The notion of the divine Wisdom Sophia has always proved contentious in theology but has remained persistent For Michael Martin it is essentially a poetic intuition challenging our ways of perception and understanding Exploring writers left in the shadows by conventional theology he taps sources from which theology and the life of the Church could find renewal ANDREW LOUTH In *The Submerged Reality* Michael Martin suggests why a radicalized orthodoxy in the future will need more to walk on the wild side and appropriate what is best in the esoteric occult and even gnostic traditions He intimates that the past failure to do this is linked to a one sidedly masculine theology downgrading the sacrality of life immanence fertility and the active receptivity of the feminine The consequence of this has been the perverse liberal attempt to distill order out of disorder or the denial of real essences relations gender difference and the objective existence of all things as beautiful Finally Martin argues that such a genuinely feminist theology would also be concerned with a space between the openly empirical observation of nature on the one hand and the reflective exposition of divine historical revelation on the other In this space continuously new poetic realities are shaped and emerge under the guidance of holy inspiring wisdom JOHN MILBANK This is a very clearly written and lively work of Catholic apologetics Professors would be well advised to assign it as a text for undergraduate courses in theology The *Submerged Reality* could win the hearts and minds of contemporary young people for Christian belief FRANCESCA ARAN MURPHY Sophiology is best understood not as a doctrine but as a way of seeing and feeling the deepest mystery of reality In this wide ranging and exhilarating book Michael Martin gives us the most important theological apologia for the contemplation of divine Sophia since the great Russian Sophiologists of the last century Drawing on the Russian genius of Vladimir Soloviev and Sergius Bulgakov Martin s meditation on Sophia ranges across the contributions of figures such as Jacob Boehme and Rudolf Steiner Edith Stein and Pavel Florensky Hans Urs von Balthasar and John Milbank In so doing he weaves a rich tapestry that illumines how a deeper gaze toward the feminine figure of Sophia begins to yield a more adequate response to the crisis of post modern secular culture AARON RICHES MICHAEL MARTIN is Assistant Professor of English and Philosophy at Marygrove College He is the author of *Literature and the Encounter with God in Post Reformation England* Ashgate 2014 a work of literary criticism and a volume of poetry *Meditations in Times of Wonder* Angelico Press 2014

the greatest theologians of the modern age Bouyer produced a comprehensive work of theology that integrated these two seminal concerns based on a vast re sourcing of the Christian tradition Dr Keith Lemna explores Bouyer s achievement in depth showing that at the heart of his venture was a deep contemplative penetration into God s mediation to the world his creation sustenance and redemption of creation in the Wisdom of the Eternal Son Bouyer is a decisive resource for theologians wanting to develop the Christian understanding of the Trinity and creation based on tradition but in dialogue with modern cosmological thought The Trinitarian Wisdom of God Louis Bouyer s Theology of the God World Relationship gets to the heart of Louis Bouyer s theology of the God World relationship more deeply than any other has done before In doing so Lemna recovers a great theologian at his best

Jung and the Epic of Transformation Vol. 2: Goethe's "Faust" as a Text of Transformation Paul Bishop,2025-10-07 For Goethe his Faust was his main business Hauptgesch ft an opus magnum or divinum within the framework of which his whole life was so enacted Or so believed C G Jung who described himself as haunted by the same dream as launched upon a single enterprise which was his main business and someone in whom Faust had struck a chord and pierced through in a way he could not but regard as personal In Goethe s Faust as a Text of Transformation Paul Bishop considers the significance for Jung of this iconic work of German literature which embraces the periods of Sturm und Drang Weimar Classicism and Romanticism and constitutes a major work in the German epic of transformation In Parts One and Two of this dramatic poem or poetic drama Faust undergoes a series of transformations as do those readers who as Jung did open themselves up to the transformational power of Goethe s work This is the second volume in a series of books examining key texts in German literature and thought that were in Jung s own estimation or by scholarly consent highly influential on his thinking The project of Jung and the Epic of Transformation consists of four titles sequentially arranged to explore great works from a Jungian perspective and in turn to highlight their importance for interpreting The Red Book

Hans Urs von Balthasar and the Critical Appropriation of Russian Religious Thought Jennifer Newsome Martin,2015-09-15 In Hans Urs von Balthasar and the Critical Appropriation of Russian Religious Thought Jennifer Newsome Martin offers the first systematic treatment and evaluation of the Swiss Catholic theologian s complex relation to modern speculative Russian religious philosophy Her constructive analysis proceeds through Balthasar s critical reception of Vladimir Soloviev Nicholai Berdyaev and Sergei Bulgakov with respect to theological aesthetics myth eschatology and Trinitarian discourse and examines how Balthasar adjudicates both the possibilities and the limits of theological appropriation especially considering the degree to which these Russian thinkers have been influenced by German Idealism and Romanticism Martin argues that Balthasar s creative reception and modulation of the thought of these Russian philosophers is indicative of a broad speculative tendency in his work that deserves further attention In this respect Martin consciously challenges the prevailing view of Balthasar as a fundamentally conservative or nostalgic thinker In her discussion of the relation between tradition and theological speculation Martin also draws upon the understudied relation between

Balthasar and F W J Schelling especially as Schelling's form of Idealism was passed down through the Russian thinkers In doing so she persuasively recasts Balthasar as an ecumenical creatively anti nostalgic theologian hospitable to the richness of contributions from extra magisterial and non Catholic sources The Foundations of Re-Enchantment Christopher Coome,2025-11-29 In Foundations of Re Enchantment Christopher Coome tells an immersive and compelling story of the remarkable emergence of occult organizations at the turn of the 19th century He chronicles how major occult sodalities grew like ripples the Hermetic Order of Golden Dawn the Anthroposophical Society and the Ordo Templi Orientis These were some of the most delightfully bizarre magnetic and intellectually pyrotechnic individuals of the 19th century and their antics both intellectual and personal make for some of the most engaging moments in the development of contemporary spirituality

The Heavenly Country Michael Martin, 2016-03-24 Sophiology the philosophical and theological notion of a transcendent splendor becoming immanent in the world through nature liturgy prayer and the arts is just now coming into its own as an important area of study This revolutionary casebook brings together primary source documents poetry and critical articles written by a group of exemplary scholars working in theology philosophy literary studies psychology and poetics Contributors include Bruce Foltz Gregory Glazov Jennifer Newsome Martin Michael Martin Aaron Riches Brent Dean Robbins Artur Sebastian Rosman Fr Robert Slesinski and Arthur Versluis In making available in one place a range of texts from the history of Christian meditation on Wisdom from Jacob Boehme to John Pordage and then closer to our time Goethe Solovyov and Bulgakov among many others this work already performs an important service However Michael Martin understands that these are not simply variously difficult or even eccentric historical documents but are like all worthwhile traditions material for a Christian and human future The book opens then into a wide ranging selection of poetry followed by a collection of essays which in Martin s own summation pass beyond this preliminary gathering of material to the vital work of assimilating the vision of Divine Wisdom into the life of Christians today and for the days to come BISHOP SERAPHIM J SIGRIST Ever since Hans Urs von Balthasar s endorsement of Valentin Tomberg theologians have increasingly begun to see that Christian esotericism is not necessarily heterodox or gnostic despite many ambiguities To the contrary the future of orthodoxy its more radical cleaving to the biblical revelation and above all its metaphysical coherence may depend upon a new engagement with sophiology theurgic Neoplatonism and Hermeticism But such a prospect can be hampered by the relative inaccessibility of crucial texts This splendid collection and its lucid contextualizations go a considerable way toward remedying that situation JOHN MILBANK author of *Theology and Social Theory* and *Beyond Secular Order* We should welcome this splendid book on the splendor and the gradual emergence of the sapiential paradigm Pushkin in Boris Godunov identified inspired poets and clairvoyants with the prophets of the Bible Before the First World War Guillaume Apollinaire called all who perceive the shining upon the earth of the Wisdom of God as those who would renew the world Vassily Kandinsky at the same time rejected the limits of the Enlightened Kantian world to update Sophia in the genesis of color That is if beauty and truth are inseparable then we must find a new language All the theology all the science and all the philosophy of the 20th century were affected by this awareness from Bulgakov to von Balthasar from Teilhard de Chardin to Deane Drummond from Berdyaev to Milbank Thanks go to Michael Martin and the authors brought together in this collection for their contribution to the flowering of publication on sophiology in the English speaking world ANTOINE ARJAKOVSKY Research Director College des Bernardins Paris Poet philosopher and theologian Michael Martin is Assistant Professor of Philosophy and English at Marygrove College He is the author of *The Submerged Reality Sophiology and the Turn to a Poetic Metaphysics* Angelico Press 2015 *Literature and the Encounter with God in Post Reformation England* Ashgate 2014 and a volume of poetry *Meditations in Times of Wonder* Angelico Press 2014 **Between Crisis and Catastrophe** Andrei Bely, 2016-03-15 Andrei

Bely was the greatest Russian writer of the twentieth century Chiefly known outside of Russia as a novelist his Petersburg is the best modern Russian novel he was also a leading symbolist poet and profound philosophical critic Bely was also a mystic who had an unsurpassed ability to express his visions in writing and he often did so in the form of lyrical essays a selection of which is offered here Many of these essays were written as the twentieth century stood at the threshold of a new epoch For Bely a new religious consciousness was emerging rooted in Vladimir Solovyov s visions of Sophia and Nietzsche s proclamation that a new man was on the verge of being created A new dawn both joyful and terrifying was already visible on the horizon The artist is the creator of the universe Andrei Bely declares in one of his philosophical prose poems collected in this book Roaming fluidly between poetry and theory between analysis and reverie Bely transforms the material and intellectual revolution of modernity into an aesthetic revolution and at the same time presages the revolutionary political upheaval of the twentieth century In Boris Jakim s capable translation Bely s intriguing breathless improvisations sparkle with insight and wit Robert Bird Dept of Slavic Languages and Literature Univ of Chicago Andrei Bely poet novelist and thinker was one of the central figures of early twentieth century Russian literature His thought represented by the nine essays collected here examining in depth the works of Tolstoy Vladimir Solovyov Nietzsche and the Russian poets particularly his fellow Symbolists is remarkable both in its scope and in its form of expression His style combines visionary exaltation with self humor in a way uniquely his own Our salvation as he writes in the final essay lies in playful exuberance Boris Jakim succeeds at the almost impossible task of capturing that quality in his fine translations Richard Pevear translator of War and Peace and The Brothers Karamazov For Andrei Bely every question is a religious question every answer a religious answer The essays included in this collection each in its own way figure as both question and answer For with Bely all that is important in human life art meaning struggle discovery shimmers in a metaxu whose domain is precisely that of religion as the site of revelation These essays apocalyptic imaginal gnostic though written nearly a century ago nevertheless provide us with new ways of seeing the implicitly poetic integral and eminently religious nature of both human existence and the structure of the world Boris Jakim is to be commended for the gift of this translation which provides the English speaking world a much needed alternative to the prevailing religious discourses so preoccupied with apologetics and polemics and so forgetful of poetry and mysticism Michael Martin author of The Submerged Reality Sophiology and the Turn to a Poetic Metaphysics

There Must Be More Than This Daniel Schwindt, 2015-05-18 As millennials we stand accused of aimlessness entitlement indifference lack of gratitude merely for existing under the wrong conditions for illustrating simply by that fact the wrongness of those conditions This book offers an apologia for an entire generation It is not so much a solution to our problems as an orientation allowing us to face them It provides a way of understanding ourselves leading us to see what our increasingly economic mode of being has lopped off and discarded We have inherited a deformed anthropology an inane status quo for which we have been told we ought to be thankful We need to rediscover meaning in a world that has

become a matter of indifference to us It will take work it won't be easy and it will have to start with our generation A provocative re-orientation to the spirit and outlook of millennials a testimony of faith from a generation not supposed to have any NATHAN SCHNEIDER journalist and author of Thank You Anarchy Notes from the Occupy Apocalypse Daniel Schwindt is one of those very unusual young voices whose writing calls up very old questions Why is our freedom in fact a form of exile Why has the very concept of adulthood become meaningless Why have our schools become our mental cancer Both radical and mindful of the radical nature of tradition these short essays set off fireworks that signal the debut of a remarkable young social critic ELIAS CRIM founder and publisher Solidarity Hall Daniel Schwindt has demonstrated with incisive clarity and sobriety that a spiritual life is a real life He does not flatter cajole or seduce the reader neither does he treat him or her to the fruits of his subjective impressions He knows that the world is hard that time is short that we have all been disinherited but that there is nonetheless a clear way to proceed Solid relevant perceptive uncompromising compassionate without sentimentality not a word out of place CHARLES UPTON author of The System of Antichrist Truth and Falsehood in Postmodernism and the New Age Daniel Schwindt in a very brief book has produced a very powerful message With an economy of expression that is nearly aphoristic he has constructed a work that simultaneously grabs our hearts and our intellects His words penetrate the web of lies that largely comprises modern life as in brief but eloquent prose he deconstructs many of the shibboleths of the modern world thereby clearing a path to the heart of our predicament And having shown us how we got there he then suggests the way out I hope that every member of Daniel's generation will read this book And every member of my own as well JOHN C M DAILLE author of Toward a Truly Free Market A Distributist Perspective on the Role of Government Taxes Health Care Deficits and More In There Must Be More Than This Daniel Schwindt gives utterance to the previously unarticulated existential ennui that plagues the so-called millennial generation Like a true doctor of souls he diagnoses the various spiritual diseases afflicting it affluence and its accompanying spiritual desolation disillusionment with the hollow reality of the American dream the failure of religious cultural and political traditions to live up to their promises of a truly authentic engagement with life and the technological colonization of the human person In short Schwindt describes with penetrating insight the existential self-centeredness characteristic of postmodern existence which results in a verbal universe void of meaning and significance But he is not without hope He proposes an alternative calling us to deep engagement with the cosmological reality of all that is and the spiritual renewal that accompanies it MICHAEL MARTIN author of The Submerged Reality Sophiology and the Turn to a Poetic Metaphysics
