Valley of Heart's Delight, The: True Tales from Around the Bay Robin Chapman, 2022 The Santa Clara Valley with its rich soil and sunny weather has been home to great diversity and great innovation long before it became known as Silicon Valley California s first immigrants from Mexico were astonished by its beauty The land is moist and the hills have an abundance of rosemary and herbs sunflowers in bloom vines as plentiful as a vineyard wrote one From the movie stars of Hollywood s golden era who once came to play to billionaires who grew apricots for pleasure the valley has hosted orchards electric railroads Army camps and even a love struck poet Join author and historian Robin Chapman as she uncovers the true tales of this ever changing place

The Man Who Built the Sierra Club Robert Wyss, 2016-06-07 David Brower 1912 2000 was a central figure in the modern environmental movement His leadership vision and elegant conception of the wilderness forever changed how we approach nature In many ways he was a twentieth century Thoreau Brower transformed the Sierra Club into a national force that challenged and stopped federally sponsored projects that would have dammed the Grand Canyon and destroyed hundreds of millions of acres of our nation s wilderness To admirers he was tireless passionate visionary and unyielding To opponents and even some supporters he was contentious and polarizing As a young man growing up in Berkeley California Brower proved himself a fearless climber of the Sierra Nevada s dangerous peaks After serving in the Tenth Mountain Division during World War II he became executive director of the Sierra Club This uncompromising biography explores Brower s role as steward of the modern environmental movement His passionate advocacy destroyed lifelong friendships and at times threatened his goals Yet his achievements remain some of the most

important triumphs of the conservation movement What emerges from this unique portrait is a rich and robust profile of a leader who took up the work of John Muir and along with Rachel Carson made environmentalism the cause of our time
