The Sunday School Code Book and Teachers' Manual Marian Pritchard,1906 **The Sunday School Teacher's Guide** John Angell James,1818 **Classical Sunday School** Donna Baer,2018-02-21 This Teacher s manual contains the drill books for all six cycles of Classical Sunday School along with a guide for teaching the curriculum At Classical Sunday School we believe 1 The Bible is a great book We really mean that It s filled with heroes villains seductresses world empires grandeur grossness plot twists and an ending that will blow you away 2 Kids would love to learn what s in the Bible They would love it so much that they d actually put effort into mastering it if anybody would respect them enough to teach them 3

The proven Classical Method is the best way to teach kids the amazing content of the Bible A little about the Classical Method The Classical Method divides a child s learning adventure into three stages grammar dialectic and rhetoric referred to collectively as the Trivium During the grammar or data stage a child s mind is like a thirsty sponge absorbing information wherever it can Kids in this stage memorize easily and are insatiably curious In the dialectic state a child begins to synthesize the data he s accumulated connecting the dots and trying to understand how all of his stored information fits together In the rhetoric stage a young person begins to use his data laden framework of the world to try to persuade and influence The Classical Method of education has been the gold standard for millennia producing the great minds of the Western intellectual tradition As modern educators have recoiled from the rigors of the Classical Method modern students have suffered Clearly this style of education is built on a foundation of data Names dates locations lists descriptions The more data a mind stores the more dots it can connect the more persuasive it can become The broader the base the taller the building This curriculum is designed for use in the grammar stage typically with kids 4 11 or 12 years old It contains data and lots of it There are maps timelines genealogies memory passages lists of kings and covenants and more A Sunday School teacher armed with this book and a Bible can prepare his students to become biblically literate But please remember we present all this information not to puff up or to show off The vast amount of data is introduced so that when our kids reach the rhetoric stage their sweet minds will have information to massage and assemble If a kid reaches the rhetoric stage where his mind is longing to put pieces together to make sense of the world and he finds that he s missing lots of pieces he gets frustrated And surly And rude We don t want that now do we Owning a broad base of data equips a child for the daunting task of making sense of the world and eventually making his mark in it Such knowledge also prevents a young person from falling prey to harmful fads and destructive ideologies It s not so easy to dupe a kid who is armed with facts The songs and other resources found on the website might prove helpful in mastering the material For more information on the Classical Method and for additional teaching resources go to StrongHappyFamily.org
