The History of the Ten "Lost" Tribes David Baron, 2017-10-11 Excerpt from The History of the Ten Lost Tribes Anglo Israelism Examined Few words of explanation are needed by way of preface to this little book More than twenty years ago being often appealed to by friends for my judgment on anglo israelism or to answer questions which were addressed to me on this subject I finally after making myself acquainted with the positions and arguments by which the theory is supported drew up a statement in the form of A Letter to an Inquirer This Letter somewhat amplified was printed in the form of an appendix in my book The Ancient Scrip tures and the Modern Jew whence by special request it was subsequently reprinted in pamphlet form under the title anglo israelism and the True History of the Ten Lost Tribes a separate edition of it having also been published in America This pamphlet is now out of print and being appealed to by prominent Christian friends to bring out a new edition I felt constrained before doing so to re examine the whole question anew and more thoroughly than before To this end I have read through with much inward pain I must confess a number of the more recent Anglo or British israel publications which for the most part are mere repetitions of one another The result is the treatise now in the reader s hands which will be found to consist of three Parts In Part I I have dealt with anglo israel assertions and claims and the arguments by which they are sup ported in Part II which is constructive in its character and in which the greater part of my original Letter to an Inquirer will be found embodied I have tried brie y to trace the true history of the supposed Lost Tribes and in Part III which is altogether new I have further analysed some of the scriptural proofs of a separate fate and destiny Of the Ten Tribes from that of Judah and have added notes and explana tions on some of the more plausible points brought up by all anglo israelite writers The epistolary form which is retained in Parts I And II is accounted for by the relation of this new booklet to the original Letter to an Inquirer which is embodied in it About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
