

WOMEN IN THE MILITARY

**An Unfinished Revolution
Revised Edition**

Maj. Gen. Jeanne Holm, USAF (Ret.)

This revised edition of Maj. Gen. Jeanne Holm's classic work on the history and role of women in the U.S. armed forces brings the reader up to date by covering the role of American military women in all post-Vietnam military operations—including the recent Persian Gulf war. Just as important is her discussion of the changing role of women in the military during the 1980s and the current debate over combat exclusion law and policies.

From the day Molly Pitcher fired her cannon without congressional sanction at the Battle of Monmouth in 1778 until 1948, when women were accorded full legal status in the regular armed services, the military was viewed as a wholly masculine preserve. During the Revolution and Civil War, women were forced to disguise themselves as men in order to gain access to the ranks.

The fight against the "built-in institutional resistance of the tradition-bound military subculture" is a large part of General Holm's story. Women's battle for status and recognition is the other part.

M. Morgan

Women In The Military An Unfinished Revolution:

Women in the military, 1981 **Women in the Military** Jeanne Holm, 1992 This revised edition of Maj Gen Jeanne Holm's classic work on the history and role of women in the U.S. armed forces brings the reader up to date by covering the role of American military women in all post Vietnam military operations including the recent Persian Gulf war. Just as important is her discussion of the changing role of women in the military during the 1980s and the current debate over combat exclusion law and policies. From the day Molly Pitcher fired her cannon without congressional sanction at the Battle of Monmouth in 1778 until 1948 when women were accorded full legal status in the regular armed services, the military was viewed as a wholly masculine preserve. During the Revolution and Civil War, women were forced to disguise themselves as men in order to gain access to the ranks. The fight against the built-in institutional resistance of the tradition-bound military subculture is a large part of General Holm's story. Women's battle for status and recognition is the other part. Women always had to be superior to male counterparts in education and moral standing. Uniforms and accommodations were major stumbling blocks. The emphasis was most often on bathrooms, not bullets. General Holm observes, "Although women are now an integral part of each of the services, the controversy is far from over; the revolution continues." But as recent events have so aptly demonstrated, it is now impossible for America to go to war without its women. *The Unfinished Revolution* Minky Worden, 2012-07-04 CUSTOMERS IN NORTH AMERICA COPIES ARE AVAILABLE FROM WWW.SEVENSTORIES.COM Women's rights have progressed significantly in the last two decades, but major challenges remain in order to end global gender discrimination. *The unfinished revolution* Voices from the global fight for women's rights outlines the recent history of the battle to secure basic rights for women and girls, including in the Middle East where the hopes raised by the Arab Spring are yet to be fulfilled. This anthology opens with a foreword by Christiane Amanpour and features essays by more than 30 writers, activists, policymakers, and human rights experts, including Nobel laureates Shirin Ebadi and Jody Williams. Most important are contributions from women who have fought against human rights abuses and have become agents of change. Contributors propose new workable solutions to ongoing rights violations, including human trafficking and harmful traditional practices such as child marriage and female genital mutilation. As a whole, the book shows that the struggle for women's equality is far from over and is essential reading for everyone involved in the fight to realize the full potential for half the world's population. **A Contemporary History of the U.S. Army Nurse Corps** Mary T. Sarnecky, 2010 Mary T. Sarnecky, who had first-hand knowledge about U.S. Army Nurse Corps inner workings as an active-duty officer, presents her analysis documenting U.S. Army Nurse Corps from the early 1970s to the beginning of the 21st century in the Borden Institute's latest release, *A Contemporary History of the U.S. Army Nurse Corps*. She addresses a remarkable episode in the organization's evolution, a period characterized by a series of progressive steps empowering Nurse Corps officers to assume key command and leadership positions in the Army Medical Department. It is imperative that we review the lessons learned from this period in

our nursing history and utilize the experiences knowledge and leadership of these extremely talented and dedicated professional nurses said Gale S Pollock Major General Retired CRNA FACHE FAAN 22nd Chief U S Army Nurse Corps The book explores vital roles of Army Nurse Corps in supporting and sustaining high level military operations that began with Operation Desert Storm Professionalism clinical competency adaptability and flexibility remain the hallmark of Army Nurse Corps In tandem with her previous work A History of the U S Army Nurse Corps published in 1999 Sarnecky offers a wealth of scholarly research narrated in her straightforward style imparting a rich institutional history of which all professional nurses should be proud Publisher s description **Women in the United States Military** Judith Bellafaire,2011-01-26

Women s participation in the U S Armed Forces has grown over time in response to the national need for their services Throughout each era of American history patriotic women volunteered to serve their country in a wide variety of official and unofficially sanctioned capacities When there was a call to duty the United States Armed Forces always relied upon women to be a part of the effort This book provides information to enable students and scholars to understand the effect women have had on wars that have shaped the United States *An Encyclopedia of American Women at War* Lisa . Tendrich

Frank,2013-01-17 A sweeping review of the role of women within the American military from the colonial period to the present day In America the achievements defeats and glory of war are traditionally ascribed to men Women however have been an integral part of our country s military history from the very beginning This unprecedented encyclopedia explores the accomplishments and actions of the fairer sex in the various conflicts in which the United States has fought An Encyclopedia of American Women at War From the Home Front to the Battlefields contains entries on all of the major themes organizations wars and biographies related to the history of women and the American military The book traces the evolution of their roles as leaders spies soldiers and nurses and illustrates women s participation in actions on the ground as well as in making the key decisions of developing conflicts From the colonial conflicts with European powers to the current War on Terror coverage is comprehensive with material organized in an easy to use A Z ready reference format **Military Review** ,1995 **The**

American Military After 9/11 M. Morgan,2008-02-04 This book describes the intense mobilization of American society in the Global War on Terrorism coupled with trends in progress before 9 11 With its focus on maximizing civilian casualties terrorism has been uniquely able to arouse the popular emotion and make us rethink the use of military force *Military Law Review* ,1986 Managing Diversity in the Military James Stewart,2017-09-05 Although diversity is a twentieth century term as the United States continues through the twenty first century the issue of diversity in society and in organizations is becoming more complex Managing Diversity in the Military addresses current equal opportunity and diversity issues and explores how the military is attempting to resolve them The research presented reflects interests of scholars from various backgrounds who use different models approaches and methodologies many of which are adapted from the study of civilian institutions The work is divided into five sections Contemporary Approaches to Managing Diversity Diversifying Leadership

Equity in Evaluation and Promotion Gender Integration and Sexual Harassment Military Discipline and Race and Where Do We Go from Here which proposes future research directions for equal opportunity and diversity management in the armed forces All of the areas explored in this accessibly written volume have counterparts in the civilian sector The book offers insights practical methodologies and effective management guidelines for commanders civilian sector executives and human resource practitioners responsible for equal opportunity programs and outcomes This is now the standard social research tool in an area of profound practical concerns
