Words Made Flesh Words Made Flesh:

Words Made Flesh Justine Bakker, David Kline, 2025-06-03 The first sustained treatment of religion and religions in the scholarship of a prominent Caribbean thinker Sylvia Wynter is a profoundly transdisciplinary scholar whose works span an impressive array of theory literature science anthropology philosophy and religious studies as well as different forms including essays plays a novel and a 935 page unpublished manuscript entitled *Black Metamorphosis New Natives in a New World* Whatever the medium Wynter frequently engages religion as a relevant category of analysis from reflections on Christianity Islam and Rastafarianism to the category and role of religion as a universal aspect of human social production Wynter's writings have received enthusiastic attention by scholars in Black studies Caribbean theory critical race theory literature and philosophy But until recently little scholarly writing exists that directly engages the topic of religion in her corpus *Words Made Flesh* seeks to fill this gap by focusing exclusively on religion religions and religiosity in her work Bringing together scholars that provide a wide variety of theoretical perspectives on religion political theology social theory and science studies this book offers an in depth engagement with one of the most innovative and important thinkers of the last forty years and illustrates how Wynter's writing has significant implications for the study of religion and religion's relationship to colonialism race humanism science and political theology

The Sacrament of the Word Made Flesh Robert J. Stamps, 2013-08-01 Robert Stamps offers us a compelling case for the significance of the theology of Thomas Torrance to current discussions about Trinitarian doctrine and worship He shows that Torrance's Christology and Eucharistic thought validates the Reformed confession of a profound real spiritual presence in the Eucharist This book serves as a helpful introduction to Torrance especially his framing of revelation Moreover it invigorates our understanding of the theological meaning of sacramental devotion Its readers will be stimulated provoked and dare I say inspired by its insights into and critiques of one of the most important and recent Reformed thinkers In sum this is a timely and exciting book It will well serve pastors theologians and thoughtful Christians of many theological perspectives MARK VALERI E T Thompson Professor of Church History Union Theological Seminary Virginia One of the values of this work is that it has deliberately sought not so much to discuss a particular problem or a collection of issues as to identify Torrance as an example of an archetypal Reformed theology of the Eucharist To say that Dr Stamps has been industrious is patently an understatement the truth is that he has been indefatigable in his search for the least morsel that Torrance offers Yet it is not so much as a study of Torrance that this book is to be commended its great value is that it offers a contextualization of Torrance's thinking on the Eucharist in ecclesiology the more general dimension of an incarnational theology as well as his understanding of cosmology and epistemology I hope that Dr Stamps book will not only find grateful readers but will be repaid by profound reflection on this symbol of the heart of faith JOHN HEYWOOD THOMAS Emeritus Professor of Theology University of Nottingham

The Revelation of Jesus Christ Gary Shackelford, 2024-12-05 My hope and prayer is that these few words that I've written may help someone come to the knowledge and understanding that the God I serve who is Jesus Christ never intended from the time He placed Adam and Eve in the Garden of Eden to ever leave mankind alone and to reveal Himself in His person being the Almighty God and the only Savior of mankind if they would come to repentance and salvation in His name
