Yali S Question Yali S Question:

Yali's Question Frederick Errington, Deborah Gewertz, 2004-11-15 Yali's Question is the story of a remarkable physical and social creation Ramu Sugar Limited RSL a sugar plantation created in a remote part of Papua New Guinea As an embodiment of imported industrial production RSL's smoke belching steam shrieking factory and vast fields of carefully tended sugar cane contrast sharply with the surrounding grassland RSL not only dominates the landscape but also shapes those culturally diverse thousands who left their homes to work there To understand the creation of such a startling place Frederick Errington and Deborah Gewertz explore the perspectives of the diverse participants that had a hand in its creation In examining these views they also consider those of Yali a local Papua New Guinean political leader Significantly Yali features not only in the story of RSL but also in Jared Diamond's Pulitzer Prize winning world history Guns Germs and Steel a history probed through its contrast with RSL's The authors disagreement with Diamond stems not from the generality of his focus and the specificity of theirs but from a difference in view about how history is made and from an insistence that those with power be held accountable for affecting history Guns, Germs, and Steel: The Fates of Human Societies Jared Diamond, 1999-04-17 Fascinating Lays a foundation for understanding human history Bill Gates In this artful informative and delightful William H McNeill New York Review of Books book Jared Diamond convincingly argues that geographical and environmental factors shaped the modern world Societies that had had a head start in food production advanced beyond the hunter gatherer stage and then developed religion as well as nasty germs and potent weapons of war and adventured on sea and land to conquer and decimate preliterate cultures A major advance in our understanding of human societies Guns Germs and Steel chronicles the way that the modern world came to be and stunningly dismantles racially based theories of human history Winner of the Pulitzer Prize the Phi Beta Kappa Award in Science the Rhone Poulenc Prize and the Commonwealth club of California's Gold Medal On Reason Emmanuel Chukwudi Eze, 2008-07-04 A philosophical argument that rationality is based on or produced from difference and is not only worth retaining but necessary in a culturally diverse world

Lessons for the Social Studies Classroom M. Lazarus, S. Cohen, K. Lambert, R. E., 2013-03-12 The idea for this book came while I was observing a student teacher and a master teacher I realized that most student teachers while in training do not have the opportunity to think creatively about their lessons I also noticed that teachers new to the field of teaching suffer the same fate they are too busy trying to survive the day and are not sure how to plan and organize their teaching Lesson plans are one of the most important tools for a teacher and more important for the novice teacher I believe that during student teaching or during their undergraduate years if students were equipped with this book their first year teaching will not look so first year Imagine an undergraduate class filled with soon to be Social Studies teachers discussing these selected lesson plans improving upon them and making them their own Most first year teachers over teach or under teach and both types still miss the marks on the standardized test These lesson plans will give the new teacher a place to begin

Guns, Germs, and Steel Jared M.
