death and resurrection That understanding developed over subsequent centuries into a larger doctrine of illumination how Christians come to understand and know God through Christ the Light In this work David Whidden takes up that theme in contesting a standard paradigm of interpretation that asserts that Aquinas eliminated the doctrine of illumination in his theology In Christ the Light Whidden argues that illumination is a critical systematic motif in Aquinas theology one that involves the nature of truth knowledge and God at the root Aquinas theology of light or illumination is christological grounding human knowledge of God and eschatological beatitude This volume establishes the theological network formed by the crucial motif of light illumination in Aquinas from how theology operates to the systematic sacramental and moral coordinates in Aquinas theology Christ the Light thus provides a much needed and illuminating retrieval of the one of the most important and creative theologians in the western Christian tradition
