P. Wearing, 2014-10-30 Theatre in London has

celebrated a rich and influential history and in 1976 the first volume of J P Wearing's reference series provided researchers with an indispensable resource of these productions. In the decades since the original calendars were produced, several research aids have become available, notably various reference works and the digitization of important newspapers and relevant periodicals. Spanning 1890 through the 1950s, all seven volumes of *The London Stage* series have been revised, corrected, and expanded. In addition, approximately 20 percent of the material in particular information about adaptations and translations, plot sources, and comment information is new. Although each volume contains indexes specific to that decade, *The London Stage 1890-1959 Accumulated Indexes* combines all of the indexes into one comprehensive resource for more efficient research. For example, those wishing to locate all the references to a particular actor, play, or theatre whose history spanned more than one decade will find all of the entries listed in this set. This set includes four key indexes: general, genre, theatre, and title. The general index consists of numerous subject entries on such topics as acting, audiences, censorship, costumes, managers, performers, prompters, staging, and ticket prices. With approximately 40,000 people listed, this is the largest single source of theatrical personnel on the London stage during this period. The genre index comprises all entries for production types, including comedies, dramas, farces, and tragedies, as well as ballets, operas, adaptations, foreign works, pantomimes, and translations. The theatre index features every building to stage a production, from the Adelphi to Wyndham's. The title index cites 14,000 productions, identifying every work produced on stage from *Domestic Economy* in January 1890 to *When in Rome* in December 1959. As a supplement to the individual volumes, *The London Stage 1890-1959 Accumulated Indexes* will be of value to scholars, theatrical personnel, librarians, writers, journalists, and historians.

Born to Play Thomas P. Hustad, 2012-05-03

Jazz trombonist Jack Teagarden once referred to Ruby Braff as the Ivy League's Louis Armstrong. That legacy of great trumpet performance and recording is brought to readers in Thomas Hustad's *Born to Play: The Ruby Braff Discography and Directory of Performances*. Braff's uncompromising standards, musical taste, and creative imagination informed his consummate artistry in creating music beautifully played. He achieved swiftly what few musicians accomplish in a lifetime by developing a unique and immediately recognizable style. For a reminder of that, we need but play any of the more than 150 released recordings on which he appears. These records span a total of 54 years, from 1949 to 2002, a feat almost unmatched in jazz recording. This was five years longer than even Louis Armstrong. Although prepared in discographical style, capturing information about both commercial recordings and previously undocumented performances, *Born to Play* serves as a biography of the artist, detailing the path he paved as a performer and featuring personal recollections of his musical career with commentary from other figures. Images over the course of his half-century of playing fill out this comprehensive survey of Braff's performing and recording career. This bio-discography of the man who jazz drumming legend Buddy Rich declared one of my favorite trumpeters and singing giant Tony Bennett described as my great friend, who now holds the reigning position of the best cornet player in the world, is sure to be of interest to jazz fans and
