**Greater Things** Len Wilson, 2021-08-31 What if we could actually help build a better culture We have been tearing down our own ideas and institutions for generations It's time to build again While we love to talk about innovation societies flourish when something greater happens Christian innovation This book explores the implications of Jesus' amazing promise that we can do even greater things than He did From a pioneer in creative thinking learn a proven process for turning faith in Jesus into action that builds a better world The future belongs to Christian innovation The turmoil at the dawn of the 2020s is not an anomaly but best understood in the context of a larger sea change that has been growing for the last generation If the world is truly ending then all is moot But we would be wise to explore the alternative instead of the end of the world perhaps we are living through the birth of a new era It is impossible to go back in time and space to where we were before the pandemic began The old ways are done now it is time to build Restoring culture requires innovation But innovation has been a trending idea for a

generation and we are no better off What our culture desperately needs is not just innovation but Christian innovation Christians do not have a sterling reputation for new ideas noteworthy solutions and needle moving systems For the last two thousand years real change that creates flourishing societies has often come through the work of Christians Over and over followers of Jesus have demonstrated a supernatural ability to build culture and create opportunities for human flourishing Jesus has a simple name for this greater things Christian innovation is what happens when Christ s people leverage their creative gifts and allow themselves to be used by the Holy Spirit through the work of Christ s community for the inauguration of God s purpose This book is an exploration of the implications of Jesus promise that we can do greater things Its goal is to define and make simple the idea and process of Christian innovation This groundbreaking work offers a means by which anyone can move to the forefront of positive societal change The time to tear down is done now it is time to build Learn how to do greater things today *Congressional Record* United States.
