The Day The War Ended Jacky Hyams,2020-08-06 Tuesday 8 May 1945 Victory in Europe Day A day of joyous celebration as the end of a conflict which had engulfed the world came within touching distance Millions of people celebrated in the streets throughout Britain Yet not all was right in the world Struggles remained ahead war still raged on between the Allies and Japan Agreements and treaties were yet to be forged Lives continued to be lost around the world Meanwhile in Britain although the pressure of supporting active military campaigns was reduced lives were irrevocably changed in other ways Bonds forged by the momentum of struggle by hardship unity and common purpose would begin to fade and give way to the wounds of sorrow upheaval and trauma that six years of conflict had riven What was it really like to be living in Britain as the war drew to a close giving way to a new era of hope but also of deep uncertainty In *The Day the War Ended* bestselling author Jacky Hyams delivers a sweeping story weaving together illuminating untold stories with contemporary records and photographs The result is a moving personal insight into hearts and minds across the home front right through the momentous year of 1945 as war ended and everything after took root shaping the world we know today

,1985-07 *And Then There Was Swine Flu* Acklima Akbar,2012-01-30 Acklima Akbar draws on her past experience as a manager in the NHS National Health Service to lead us into the fascinating world of decision making right at the heart of this closed world Her book is a satirical expose on crisis management in hospitals that is both shocking and funny She takes us down the long corridors of routine medical conditions and incredibly mundane meetings to critical incidents and life saving operations The God like Consultant surgeons are given feet of clay and the non clinical managers that govern the system are clueless and even worse lacking basic sartorial gene This book might be seen as whistle blowing as the incidents and characters are credible the meetings detailed and the outcomes factual There are realistic lessons to be learnt by the aspiring NHS manager in how to manage efficiently and how to dress appropriately The threadlike sartorial nuances that underplay every scene lends humour to a very serious problem what to do with Swine Flu **Nursing Times** ,1991-05

From the Ashes Sarah Jaffe,2024-09-10 The politics of grief in an era marked by loss shows us how we can find our humanity once more From one of our most vital and far seeing social critics Our era is one of significant and substantial loss yet we barely have time to acknowledge it The losses range from the personal grief of a single COVID death to the planetary disaster wrought by climate change We are in an age of unraveling hopes and expectations of dreams curtailed of aspirations desiccated What can we do This is capitalism s death phase It has become clear that the cost of wealth creation for a few is enormous destruction for others The marginalized and the vulnerable have been feeling the crisis for a long time but it is increasingly coming for all of us At the same time we are denied the means of mourning the futures that are being so brutally curtailed At such a moment taking the time to grieve is a radical act Through in depth reporting intertwined with memoir Sarah Jaffe shows how public memorialization has become more than a refusal or a protest it is a path to imagining a better world When we are able to mourn the lives the homes the worlds we have lost we are better prepared to fight for a transformed future
