Thomas Jefferson Author Of America Eminent Lives:

Thomas Jefferson Christopher Hitchens, 2024-04-16 An artful portrait of a complex formative figure in American history and his turbulent era from a New York Times bestselling author A balanced readable portrait A refreshing perspective New York Times Book Review In this unique biography of Thomas Jefferson leading journalist and social critic Christopher Hitchens offers a startlingly new and provocative interpretation of our Founding Father a man conflicted by power who wrote the Declaration of Independence and acted as ambassador to France yet yearned for a quieter career in the Virginia legislature A masterly writer Jefferson was an awkward public speaker A professed proponent of emancipation he elided the issue of slavery from the Declaration of Independence and continued to own human property A reluctant candidate he left an indelible presidential legacy This opinionated lively narrative sheds light not only on Jefferson s complex personality but on the politics of his time making it both a fascinating character study and an excellent review of early American history Publishers Weekly Hitchens brings his inimitable style of coruscating precision to Jefferson s ambiguities which have long provoked disparate opinions Imaginative without being inventive Hitchens is the rare author who can prune a complicated life such as Jefferson s to reveal its salient characteristics Booklist

The Struggle for Development and Democracy Alessandro Olsaretti, 2021-12-13 In The Struggle for Development and Democracy Alessandro Olsaretti argues that we need significantly new theories of development and democracy to answer the problem posed by neoliberalism and the populist backlash namely uneven development and divisive politics This book proposes as a first step a truly multidisciplinary humanist social science to overcome the flaws of neoliberal economic theories and to recover a balanced approach to theories and policies alike that is especially needed in the wake of the 9 11 attacks These led to divisive culture wars which were compounded by the divisive populist politics This book begins to sketch such a humanist social science and applies it to answer one question who is responsible for neoliberalism and the populist backlash All royalties from sales of this volume will go to GiveWell org in honour of Alessandro Olsaretti s memory

Emigrants to the United States Wikipedia contributors, **The Declaration of Independence** Avery Elizabeth Hurt, 2018-12-15 The Declaration of Independence is one of the most beloved of America's founding documents This book offers a refreshing take on the history surrounding it In addition to examining the circumstances and personalities that led to the drafting of the document this book takes a close look at the wording and philosophy of the document itself demonstrating how those ideas have defined our nation since Readers will be surprised to learn that Thomas Jefferson initially included a passage calling for the abolition of slavery and that the declaration provided much support for the U S suffrage and abolition movements that came later

Displacing Jesus Charles A. Wilson, 2024-01-22 Displacing Jesus studies the inner workings of Thomas Jefferson's editing and shortening of the Gospels of the New Testament The Life and Morals of Jesus of Nazareth It uncovers the immanent moves of his editorial project and shows how he makes judgments on what to include and exclude from the Gospels As the book analyzes Jefferson's gospel it reconstructs his cut and paste project as a displacing of the biblical story of Jesus into a war on Jewish authorities Ignoring nearly all traditional religious themes the new gospel reframes the story into a battle against the narrow and hypocritical morality of the leaders of Second Temple Judaism Surprisingly Jefferson's editing does provide a robust if not traditional theology and a Christology centered in the passion of the Shepherd Sage who performs his death for Wisdom Displacing Jesus ends by connecting Jefferson's creation in The Life and Morals with theological themes with the history of his views on religion and with comments on how new insights into Jefferson's gospel can inform contemporary Jefferson research
