Adler, 2018-01-01 A package with simple language and detailed drawings conveys information about the life and accomplishments of Thomas Jefferson *Thomas Jefferson* T. M. Usel, 1996 Presents the life story of the third president of the United States who authored the Declaration of Independence and is known for his ability as an inventor and architect **Thomas Jefferson** James Giblin, 1994 **The Jefferson Image in the American Mind** Merrill D. Peterson, 1998 Since its publication in 1960 The Jefferson Image in the American Mind has become a classic of historical scholarship In it Merrill D Peterson charts Thomas Jefferson s influence upon American thought and imagination since his death in 1826 Peterson shows how the public attitude toward Jefferson has always paralleled the political climate of the time the complexities of the man his thoughts and his deeds being viewed only in fragments by later generations He explains how the ideas of Jefferson have been distorted defended pilloried or used by virtually every leading politician historian and intellectual Through most of our history political parties have engaged in an ideological tug of war to see who would wear the mantle of Jefferson **Picture Book of Thomas Jefferson** David A. Adler, 1990 [Picture Book of Thomas Jefferson](#) David A Adler, 1991-03-01 A simple presentation of the third president s life from childhood *The Autobiography of Thomas Jefferson, 1743-1790* Thomas Jefferson, 2011-06-29 In 1821 at the age of seventy seven Thomas Jefferson decided to state some recollections of dates and facts concerning myself His ancestors Jefferson writes came to America from Wales in the early seventeenth century and settled in the Virginia colony Jefferson s father although uneducated possessed a strong mind and sound judgement and raised his family in the far western frontier of the colony an experience that contributed to his son s eventual staunch defense of individual and state rights Jefferson attended the College of William and Mary entered the law and in 1775 was elected to represent Virginia at the Continental Congress in Philadelphia an event that propelled him to all of his future political fortunes Jefferson s autobiography continues through the entire Revolutionary War period and his insights and information about persons politics and events including the drafting of the Declaration of Independence his service in France with Benjamin Franklin and his observations on the French Revolution are of immense value to both scholars and general readers Jefferson ends this account of his life at the moment he returns to New York to become secretary of state in 1790 Complementing the other major autobiography of the period Benjamin Franklin s *The Autobiography of Thomas Jefferson* reintroduced for this edition by historian Michael Zuckerman gives us a glimpse into the private life and associations of one

of America's most influential personalities. Alongside Jefferson's absorbing narrative of the way compromises were achieved at the Continental Congress are comments about his own health and day to day life that allow the reader to picture him more fully as a human being. Throughout Jefferson states his opinions and ideas about many issues including slavery the death penalty and taxation. Although Jefferson did not carry this autobiography further into his eventual presidency the foundations for all of his thoughts are here and it is in these pages that Jefferson lays out what to him was his most important contribution to his country the creation of a democratic republic.

Thomas Jefferson's Lives Robert M. S. McDonald, 2019-08-27 Who was the real Thomas Jefferson? If this question has an answer it will probably not be revealed reading the many accounts of his life. For two centuries biographers have provided divergent perspectives on him as a man and conflicting appraisals of his accomplishments. Jefferson was controversial in his own time and his propensity to polarize continued in the years after his death as biographers battled to control the commanding heights of history. To judge from their depictions there existed many different Thomas Jeffersons. The essays in this book explore how individual biographers have shaped history as well as how the interests and preoccupations of the times in which they wrote helped to shape their portrayals of Jefferson. In different eras biographers presented the third president variously as a proponent of individual rights or of majority rule as a unifier or a fierce partisan and as a champion of either American nationalism or cosmopolitanism. Conscripted to serve Whigs and Democrats abolitionists and slaveholders unionists and secessionists Populists and Progressives and seemingly every side of almost every subsequent struggle the only constant was that Jefferson's image remained a mirror of Americans' self-conscious conceptions of their nation's virtues values and vices. Thomas Jefferson's *Lives* brings together leading scholars of Jefferson and his era all of whom embrace the challenge to assess some of the most important and enduring accounts of Jefferson's life.

Thomas Jefferson Rick Burke,2003 Presents a biography of the third president of the United States focusing on his childhood his writing of the Declaration of Independence and remembering him today **Confounding Father** Robert M. S. McDonald,2016-08-29 Of all the founding fathers Thomas Jefferson stood out as the most controversial and confounding Loved and hated revered and reviled during his lifetime he served as a lightning rod for dispute Few major figures in American history provoked such a polarization of public opinion One supporter described him as the possessor of an enlightened mind and superior wisdom the adorer of our God the patriot of his country and the friend and benefactor of the whole human race Martha Washington however considered Jefferson one of the most detestable of mankind and she was not alone While Jefferson s supporters organized festivals in his honor where they praised him in speeches and songs his detractors portrayed him as a dilettante and demagogue double faced and dangerously radical an atheist and Anti Christ

hostile to Christianity Characterizing his beliefs as un American they tarred him with the extremism of the French Revolution Yet his allies cheered his contributions to the American Revolution unmasking him as the now formerly anonymous author of the words that had helped to define America in the Declaration of Independence Jefferson meanwhile anxiously monitored the development of his image As president he even clipped expressions of praise and scorn from newspapers pasting them in his personal scrapbooks In this fascinating new book historian Robert M S McDonald explores how Jefferson a man with a manner so mild some described it as meek emerged as such a divisive figure Bridging the gap between high politics and popular opinion Confounding Father exposes how Jefferson s bifurcated image took shape both as a product of his own creation and in response to factors beyond his control McDonald tells a gripping sometimes poignant story of disagreements over issues and ideology as well as contested conceptions of the rules of politics In the first fifty years of independence Americans views of Jefferson revealed much about their conflicting views of the purpose and promise of America Jeffersonian America

Life of Thomas Jefferson James Parton,2013-10 **Thomas Jefferson** Lucia Raatma,2001 Discusses the personal life and political career of Thomas Jefferson the author of the Declaration of Independence who became the third president of the United States *Thomas Jefferson* Alf Johnson Mapp (Jr.),Alf J. Mapp,Jr.,2009-01-16 Follows Jefferson from his inauguration as President in 1801 to his death at the age of 83 on July 4 1826 It embraces the eight years as Chief Executive in which he doubled the size of the United States by his daring Louisiana Purchase sent Meriwether Lewis and William Clark on one of the world s greatest expeditions of exploration and challenged the formidable Chief Justice John Marshall with a major program of judicial reform It proves the falseness of the stereotype that Jefferson ignored national defense and tried to keep the Navy weak The book shows him late in life with ideas that have relevance today planning a system of public education and founding the University of Virginia and it reveals better than any other biography to date the intimate details of the lonely private battle he fought during his last tortured but ultimately triumphant decade
