Three Men on the Bummel Jerome K Jerome, 2019-06-13 A bummel is a journey without end Whether we want to or not most of us have to settle with a return to our regular exertions So do these heroes of *Three Men in a Boat* only on this occasion a cycling trip through the Black Forest it seems they may cycle on forever such are their problems Whether it's George attempting to buy a cushion for his aunt or Harris's harrowing experience with a road waterer not to mention the routine problems with language and directions things get very confused indeed A delightful excursion in a world which alas exists no longer and indeed may only have been found in the author's lively imagination **Three Men on the Bummel**

through busy streets and sometimes through the fields and lanes sometimes we can be spared for a few hours and sometimes for a few days But long or short but here or there our thoughts are ever on the running of the sand We nod and smile to many as we pass with some we stop and talk awhile and with a few we walk a little way We have been much interested and often a little tired But on the whole we have had a pleasant time and are sorry when it is over The general style and manner of the book are similar to its predecessor It is a series of humorous vignettes each of which builds slowly through accumulation of layer on layer of detail through several pages Jeremy Nicholas calls these set pieces Most of them concern either bicycling genial if shallow commentary on German culture from the point of view of a British tourist or situation comedy like depictions of interpersonal interactions between the characters
