Three Ways To Capsize A Boat An Optimist Afloat:

Three Ways to Capsize a Boat Chris Stewart, 2010-05-25 Three Ways to Capsize a Boat is travel writing at its best crackling with Chris Stewart's zest for life irresistible humor and unerring lack of foresight Chris Stewart had a long and eclectic list of jobs From some of the most glamorous careers he was original drummer in Genesis to the more offbeat a sheep shearer and circus performer he had done it all or almost all So when he is offered the chance to captain a sailboat in the Greek islands one summer something he had never done before he jumped at the chance even though he'd never actually sailed before So begins the hilarious and wild adventures of Three Ways to Capsize a Boat From setting the boat on fire not once but several times in the Aegean Sea to his not so grand arrival in Spetses to meet the owners of the boat who says it isn't graceful to plow into the docks as a means of coming to a stop Stewart quickly catches the sailing bug By the end of the summer as he is facing the dreary prospect of going back to sheep shearing he jumps at the chance to be part of a crew to follow Viking Leif Eiriksson's historic journey across the Atlantic Ocean From coming to terms with the long cold nights at sea and unchanging cuisine to battling intense seasickness and managing to go to the bathroom during a massive storm a lot harder than you'd think Stewart keeps his good humor but learns in the end that perhaps the best things in life are worth coming ashore for

Travel Tourism and Identity addresses the psychological and social adjustments that occur when people make contact with others outside their social cultural or linguistic groups Whether such contact is the result of tourism seeking exile or relocating abroad the volume s contributors demonstrate how one s identity cultural assumptions and worldview can be brought into question In some cases the traveller finds that bridging the social and cultural gap between himself and the new society is fairly easy In other cases the traveller discovers that reorienting himself requires absorbing a new cultural history and traditions The contributors argue that making these adjustments will surely enhance the traveller s or tourist s experience otherwise the traveller or tourist will be at risk of becoming a marginalized figure one disconnected from the society that surrounds him This latest volume in the Culture Civilization series features a collection of essays on travel and tourism The essays cover a range of topics from historical travels to modern social identities They discuss ancient travels contemporary travels in Europe Africa and sustainable eco tourism and the politics of tourism Essays also address experiences of Grenada s Spice Island identity and the effects of globalization and migrations on personal identity
