Religion and Humor as Emancipating Provinces of Meaning Michael Barber, 2017-07-26 This book illustrates how non pragmatic finite provinces of meaning emancipate one from pragmatic everyday pressures Barber portrays everyday life originally as including the interplay between intrinsic and imposed relevances the unavoidable pursuit of pragmatic mastery and the resulting tensions non pragmatic provinces can relieve But individuals and groups also inevitably resort to meta level strategies of hyper mastery to protect set ways of satisfying lower level relevances strategies that easily augment individual anxiety and social pathologies After creatively interpreting the Schutzian dialectic between the world of working and non pragmatic provinces Barber describes the experience of reality in the finite provinces of religion and humor Schutz who only mentioned these provinces laid out the six features of the cognitive style that characterize any finite province of meaning This book is the first to follow up on these suggestions and depict two new finite provinces of meaning beyond those in On Multiple Realities While entrance into these provinces reduces everyday life tensions it does not suffice since pragmatic relevances infiltrate the provinces as when one uses humor to belittle competing cultural groups or one deploys religion only as an instrument to ensure crop productivity Instead liberation from anxieties and pathologies is brought to completion when the ego agens the 0 point of all its coordinates discovers its value in relation to the transcendent even if it fails to realize its pragmatic purposes or when one becomes comical to oneself through the eyes of another different from oneself This book aimed at advanced undergraduate graduate or scholarly audiences presents stimulating analyses of the religious appresentative mindset or of the healing potential of interracial humor Drawing heavily on interdisciplinary resources the book also illustrates the relevance of phenomenological methods and concepts for concrete human experience Barber offers a fresh understanding of pragmatic everyday life original descriptions of the religious and humorous provinces of meaning and a picture of how the overarching intentional stances of meaning provinces along with exposure to another perspective

can diminish the pressures everyday life engenders **In the Face of Fear** Walter Moss,2019-02 This book is a revision of the author's essay *Wisdom Humor and Faith A Historical View* which was published in 2011 on The Wisdom Pages website <http://www.wisdompage.com/WisdomHumorFaith.pdf> In the Face of Fear speaks to the loss of thoughtful humor as an aspect of wisdom and how this value is needed in today's world more than ever **De Gruyter Handbook of Humor Studies** Thomas E. Ford,Władysław Chłopicki,Giselinde Kuipers,2024-07-22 The De Gruyter Handbook of Humor Studies consolidates the cumulative contributions in theory and research on humor from 57 international scholars representing 21 different countries in the widest possible diversity of disciplines It organizes research in a unique conceptual framework addressing two broad themes the Essence of Humor and the Functions of Humor Furthermore scholars of humor have recognized that humor is not only a universal human experience it is also inherently social shared among people and woven into the fabric of nearly every type of interpersonal relationship Scholars across all academic disciplines have addressed questions about the essence and functions of humor at different levels of analysis relating to how narrowly or broadly they conceptualize the social context of humor Accordingly the editors have organized each broad thematic section into three subsections defined by level of analysis The book first addresses questions about individual psychological processes then discusses text properties and finally moves to questions involving broader conceptualizations of the social context addressing humor and social relations as well as humor and culture By providing a comprehensive review of foundational work as well as new research and theoretical advancements across academic disciplines the De Gruyter Handbook of Humor Studies will serve as the foremost authoritative research handbook for experienced humor scholars as well as an essential starting point for newcomers to the field such as graduate students seeking to conduct their own research on humor Further by highlighting the interdisciplinary interest of new and emerging areas of research the book identifies and defines directions for future research for scholars from every discipline that contributes to our understanding of humor *General Catalogue of the Books* Detroit Public Library,1889 **Kierkegaard's 'Concluding Unscientific Postscript'** Rick Anthony Furtak,2010-07-29 Søren Kierkegaard's *Concluding Unscientific Postscript* has provoked a lively variety of divergent interpretations for a century and a half It has been both celebrated and condemned as the chief inspiration for twentieth century existential thought as a subversive parody of philosophical argument as a critique of mass society as a forerunner of phenomenology and of postmodern relativism and as an appeal for a renewal of religious commitment These 2010 essays written by international Kierkegaard scholars offer a plurality of critical approaches to this fundamental text of existential philosophy They cover hotly debated topics such as the tension between the Socratic philosophical and the Christian religious the identity and personality of Kierkegaard's pseudonym Johannes Climacus his conceptions of paradoxical faith and of passionate understanding his relation to his contemporaries and to some of his more distant predecessors and last but not least his pertinence to our present day concerns **Fool's Talk** Os Guinness,2015-06-04 Our world is changing dramatically yet many Christians still rely on cookie

cutter approaches to evangelism and apologetics In his magnum opus *Os Guinness* presents the art and power of creative persuasion the ability to talk to people who are closed to what we are saying Discover afresh the persuasive power of Christian witness *Religion and the Rise of History* Leonard S Smith, 2010-07-29 The first intellectual history to study the ideal type of model building methodology of Otto Hintze 1861 1940 to Western historical thought and to suggest that Martin Luther also held to a way that was deeply incarnational dynamic and or in with and under This dual vision and a Lutheran ethos strongly influenced Leibniz Hamann and Herder and was therefore a matter of considerable significance for the rise of a distinctly modern form of historical consciousness in Protestant Germany Smith's essay suggests a new time period for the formative age of modern German thought culture and education The Cultural Revolution in Germany
