

Unter dem gemeinsamen Dach „Wissensgemeinschaften“ werden zwei Tagungen mit sich gegenseitig ergänzenden thematischen Schwerpunkten zusammengebracht, die Lern- und Wissensprozesse im Spannungsfeld zwischen Organisation, Technologie und Unternehmen (Kultur) behandeln. Während die Konferenz „GefNetMe“ organisatorische und technische Perspektiven im Kontext von Virtual Enterprises, Communities & Social Networks thematisiert, liefert die zweijährlich stattfindende Konferenz „Professionelles Wissensmanagement (ProWiM)“ der Fachgruppe Wissensmanagement in der Gesellschaft für Informatik (gwi) einen breiten integrativen Überblick über die organisatorischen, kulturellen, sozialen und technischen Aspekte des Wissensmanagements.

Beide Konferenzen stärken traditionell den Dialog zwischen Wissenschaft und Praxis und zeichnen sich durch die Interdisziplinarität sowohl der Teilnehmenden als auch der behandelten Themen und Diskurse aus.

In 2015, two conferences are brought together under the umbrella of „knowledge communities“ with complementary thematic priorities. While the GefNetMe deals with organisational and technical perspectives in the context of Virtual Enterprises, Communities & Social Networks, the ProWiM provides a broad and inclusive overview of the organisational, cultural, social and technical aspects of knowledge management. The management of the joint conference is provided by a group of scientists from the Faculty of Education, the faculty of Business and Economics and the Media Center of TU Dresden, combined with the Knowledge Research Center e.V. (www.krc.dresden.de).

Both conferences foster the interdisciplinaryity of both the participants and the negotiated themes and discourses. This is reflected by a publication that addresses both scientific communities in several integrative chapters.
