Woman Her Own Mans World:

A Woman's View Jeanine Basinger, 1995-06-23 In this highly readable and entertaining book Jeanine Basinger shows how the woman's film of the 30s 40s and 50s sent a potent mixed message to millions of female moviegoers At the same time that such films exhorted women to stick to their proper realm of men marriage and motherhood they portrayed usually with relish strong women playing out liberating fantasies of power romance sexuality luxury even wickedness Basinger examines dozens of films whether melodrama screwball comedy musical film noir western or biopic to make a persuasive case that the woman's film was a rich complicated and subversive genre that recognized and addressed if covertly the problems of women Amazon.com viewed 7/31/2020
