Chinua Achebe's Things Fall Apart Harold Bloom, 2010 Things Fall Apart set in Nigeria about a century ago is widely regarded as Chinua Achebe's masterpiece. Considered one of the most broadly read African novels, Achebe's work responded to the two-dimensional caricatures of Africans that often dominated Western literature. This invaluable new edition of the study guide contains a selection of the finest contemporary criticism of this classic novel. Supervolcano: Things Fall Apart Harry Turtledove, 2014-12-02 New York Times bestselling author Harry Turtledove brings his post-apocalyptic disaster trilogy to a startling conclusion. An explosion of incalculable magnitude in Yellowstone Park propelled lava and ash across the landscape and into the atmosphere, forever altering the climate of the entire continent. Nothing grows from the tainted soil. Stalled and stilled machines function only as statuary. People have been scraping by on the excess food and goods produced before the eruption. But supplies are running low. Natural resources are dwindling. And former police officer Colin Ferguson knows that time is running out for his family and for humanity. **THINGS FALL APART** NARAYAN

Michael Paget-Wilkes, 2020-05-29 This book calls for a major paradigm shift in the church's thinking and practice if the church is to engage with the upcoming generations of the third decade of this fast-changing twenty-first century. Just as the church has had to adapt to a changing context in the past, it now needs to engage seriously with this post-enlightenment, post-human, techno-centric age of artificial intelligence. However, the church also needs to recall its counter-cultural prophetic role following Elijah, Jeremiah, Amos, Jesus, and Paul, challenging society as it faces complex dilemmas raised by technology-driven development in these unprecedented times. The church will have to acknowledge unaddressed weaknesses in the past of identifying with established power rather than vulnerability and the marginalized of depending on a hierarchical ministerial order at the expense of the ministry of every believer, of acquiescing to materialist, anthropocentric, and consumerist growth as an undisputable norm. This book develops the vision of a church engaged in the mission of God of welcoming technological

development but with an eye on kingdom values of promoting innovation so long as it does not result in a growth of inequality or at the expense of the environment of pointing towards a humanity that deepens its relationships with its Creator its fellow humans and its environment The author calls on grassroots believers to reflect and act within their local communities as inspired and empowered daughters and sons of God in the knowledge that following Jesus Christ provides a radical new paradigm for living learning and leading in and through these times of epochal change *The New Black Sociologists* Marcus A.  Gregory Feldman, 2023-10-13 Seeking new forms of democracy progressive politics raises a fundamental question what is the  
 alternative to the allegedly coherent self contained liberal subject that represents the project of modernity Exploring the  
 themes of nature race and the divine this book identifies the more realistic alternative in the relational subject a subject that  
 is inseparable from the global field of relations through which it emerges and yet distinct from that field because it lives a life  
 that no one else ever has Recognizing ourselves as such subjects allows us not only to rethink politics but more profoundly to  
 envision sovereignty as the means by which we each rejuvenate ourselves and the polities we constitute with others

**Drama in the Classroom** Taku Victor Jong, 2024-07-20 In this masterfully written book the author Dr Taku Victor Jong  
 not only provides a thoroughly researched insight into the sheer evanescent state of the African oral narrative but also  
 proposes an academic solution geared at bringing it back into the mainstream of the people's collective consciousness The  
 study which spans the heydays of the folk narrative passing through the reasons for its decline in the present day context will  
 undoubtedly prove to be a useful tool in the hands of classroom teachers of English language and Literature history civic and  
 moral education lecturers of Drama and theatre arts and pedagogues of other subjects As an educationist and a high profile  
 adept of cultural studies drama and performing arts the author's carefully thought out proposals on adapting the  
 Cameroonian oral tale into plays with the aid of Process Drama as well as in the context of modern audio visual  
 entertainment is not only very workable but will go a long way to save this highly pedagogic aspect of African folk tradition

 Fieled, 2007 **Swirl : Exploring Spirituality** Michael Alexander, 2001 Love and Marriage in Africa in the Novels of  
Elechi Amadi, Buchi Emecheta and Chinua Achebe Dr. Richa Jha, 2022-03-03 The theme of love and marriage in literature is  
 perhaps as old as literature itself Works of literature across borders and genres have worked around these twin themes to  
 give us some of the most memorable tales yet they appear quite neglected by the critics when making a study of African  
 literature The world of literary criticism has witnessed a newfound interest in the African continent which had for a long time  
 been suffering in ignominious darkness yet the majority of critical study is still focused on postcolonial themes and human  
 relationships have largely been ignored The white man's perception and portrayal of Africa as a land of savages devoid of  
 finer emotions could be a major influence in this regard This study strives to prove that the Africans have always had a rich  
 history and culture of interpersonal relationships and the twin themes of love and marriage run across their literature  
 justifying their claim to being as capable of harboring finer emotions as any other civilization of the world The novels under

study in this research work present the importance of love in various aspects like the man woman relationship parent child relationship and an individual's love for his native land Various types of matrimonial alliances with the different aspects of an African marriage such as settling of marriage settlement and payment of the bride price gender equations polygamy widow remarriage etc have all been studied in the backdrop of the three novels taken under consideration This research work based on the novels of Elechi Amadi Buchi Emecheta and Chinua Achebe studies the representation of love and marriage in African literature as an important and recurrent theme that touches upon other aspects of the society like class division human relationships social beliefs myths superstition and most importantly the gender perspectives **SPIN**, 2011-07 From the concert stage to the dressing room from the recording studio to the digital realm SPIN surveys the modern musical landscape and the culture around it with authoritative reporting provocative interviews and a discerning critical ear With dynamic photography bold graphic design and informed irreverence the pages of SPIN pulsate with the energy of today's most innovative sounds Whether covering what's new or what's next SPIN is your monthly VIP pass to all that rocks Eat Sanely Terese Katz, 2011-04-01 Liberalizing International Trade after Doha David A. Gantz, 2013-08-19 After ten years the Doha Development Round is effectively dead Although some have suggested that Doha's demise threatens the continued existence of the GATT WTO system even with some risks of increasing protectionism the United States the European Union Japan Brazil China and India among others have too much to lose to make abandoning the WTO a rational option There are alternatives to a comprehensive package of new or amended multilateral agreements including existing and future plurilateral trade agreements new or revised regional trade agreements covering both goods and services and liberalized national trade laws and regulations in the WTO member nations This book discusses these alternatives which although less than ideal may provide an impetus for continuing trade liberalization both among willing members and in some instances worldwide The Creative Industries and International Business Development in Africa Nnamdi O.
