What Do You Want Most? Is It Money? Fame? Power? Contentment? Personality? Peace of Mind? Happiness? The Thirteen Steps to Riches described in this book offer the shortest dependable philosophy of individual achievement ever presented for the benefit of the man or woman who is searching for a definite goal in life. This is not a novel. It is a textbook on individual achievement that came directly from the experiences of hundreds of America's most successful men. It should be studied, digested, and meditated upon. Dr. Miller Reese Hutchison: After reading the story, you will realize that you are about to come into possession of a philosophy which can be transmuted into material wealth or serve as readily to bring you peace of mind, understanding, spiritual harmony, and help you master physical affliction.

THE MAN WHO THOUGHT HIS WAY INTO PARTNERSHIP WITH THOMAS A. EDISON

TRULY, thoughts are things, and powerful things at that when they are mixed with definiteness of purpose, persistence, and a BURNING DESIRE for their translation into riches or other material objects. A little more than thirty years ago, Edwin C. Barnes discovered how true it is that men really do THINK AND GROW RICH. His discovery did not come about at one sitting. It came little by little, beginning with a BURNING DESIRE to become a business associate of the great Edison. Somewhere, as you read the secret to which I refer, will jump from the page and stand boldly before you IF YOU ARE READY FOR IT. When it appears, you will recognize it. Whether you receive the sign in the first or the last chapter, stop for a moment when it presents itself, and turn down a glass for that occasion will mark the most important turning point of your life. Remember too, as you go through the book, that it deals with facts and not with fiction, its purpose being to convey a great universal truth through which all who are READY may learn not only WHAT TO DO BUT ALSO HOW TO DO IT, and receive as well THE NEEDED STIMULUS TO MAKE A START. IN EVERY chapter of this book, mention has been made of the money-making secret which has made fortunes for more than five hundred exceedingly wealthy men, whom I have carefully analyzed over a long period of years. The secret was brought to my attention by Andrew Carnegie more than a quarter of a century ago. The canny, lovable old Scotsman carelessly tossed it into my mind when I was but a boy. Then he sat back in his chair with a merry twinkle in his eyes and watched carefully to see if I had brains enough to understand the full significance of what he had said to me. When he saw that I had grasped the idea, he asked if I would be

willing to spend twenty years or more preparing myself to take it to the world to men and women who without the secret might go through life as failures I said I would and with Mr Carnegie s cooperation I have kept my promise This book contains the secret after having been put to a practical test by thou sands of people in almost every walk of life It was Mr Carnegie s idea that the magic formula which gave him a stupendous fortune ought to be placed within reach of people who do not have time to investigate how men make money and it was his hope that I might test and demonstrate the soundness of the formula through the experience of men and women in every calling **Think and Grow Rich** Napoleon Hill,Mitch Horowitz,2015-09-15 The World s Greatest Book on Successful Living In a Special Compact Edition Here is the complete experience of Think and Grow Rich in an exquisitely brief and faithful condensation In forty minutes you will learn all thirteen of Napoleon Hill s famous steps to wealth and achievement This masterly summation of Hill s original landmark explains Why you must write down your goals The immeasurable importance of a definite major aim How to benefit from hunches and sudden inspirations The magic of persistence in the face of setbacks How to program your mind for success The extraordinary power of a Master Mind group Abridged and introduced by PEN Award winning historian Mitch Horowitz this concise rendition of Hill s masterwork is both the perfect introduction to Think and Grow Rich and a great refresher for those who already know the book and its powers *Think and Grow Rich* Napoleon Hill,2016-12-12 Think and Grow Rich was written in 1937 by Napoleon Hill promoted as a personal development and self improvement book Hill writes that he was inspired by a suggestion from business magnate and later philanthropist Andrew Carnegie While the book s title and much of the text concerns increased income the author insists that the philosophy taught in the book can help people succeed in any line of work to do and be anything they can imagine The book was first published during the Great Depression At the time of Hill s death in 1970 Think and Grow Rich had sold more than 20 million copies and by 2015 over 100 million copies had been sold worldwide It remains the biggest seller of Napoleon Hill s books BusinessWeek magazine s Best Seller List ranked it the sixth best selling paperback business book 70 years after it was published Think and Grow Rich is listed in John C Maxwell s A Lifetime Must Read Books List **Think and Grow Rich (illustrated)** Napoleon Hill,2020-02-28 You are currently reading one of the most influential books in the world Within the pages of this book you will find the tools methods and skills necessary to become a wealthy man You will learn how to successfully influence the people and situations around you You will learn about what helps a person propel his life forward achieve happiness and increase wealth while others can t seem to even get out of the starting block What is it that equips some with the strength and energy for the fight while others are left listless How is it that some can spot potential amidst a tangle of problems and work towards their dreams without stumbling under the cruel winds of fate while others struggle desperately making mistake after mistake without encountering any form of success Years ago Napoleon Hill glimpsed the mysterious sparkling gem of success while speaking to Andrew Carnegie one of the richest men on the planet Carnegie advised Hill to examine how other successful people obtained wealth and to
