

TENTH
EDITION

An abstract artwork featuring a profile of a head, facing left, constructed from various pieces of torn, textured paper. The head is primarily a warm, brownish-orange color, with a dark, almost black, angular shape forming the ear and back of the head. The background is a dark, textured blue. Below the head, the title 'THINKING CRITICALLY' is printed in large, bold, black, sans-serif capital letters. The author's name 'JOHN CHAFFEE' is printed in smaller, bold, black, sans-serif capital letters at the bottom. The entire cover has a layered, collage-like appearance with different shades of blue and brown paper visible.

THINKING CRITICALLY

Linda Elder, Richard Paul

Thinking Critically Available Titles Aplia:

Thinking Critically John Chaffee, 2012 Thinking Critically Tenth Edition is a comprehensive introduction to the cognitive process and helps students develop the higher order thinking abilities needed for academic study and career success Based on a nationally recognized interdisciplinary program in Critical Thinking established in 1979 at LaGuardia College The City University of New York and involving more than eighteen hundred students annually Thinking Critically integrates various perspectives on the thinking process drawn from a variety of disciplines such as philosophy cognitive psychology linguistics and the language arts English reading and oral communication Critical Thinking: The Art of Argument George W. Rainbolt, Sandra L. Dwyer, 2012-08-01 With a complete approachable presentation CRITICAL THINKING THE ART OF ARGUMENT is an accessible yet rigorous introduction to critical thinking The text emphasizes immediate application of critical thinking in students lives and helps students apply the skills they are studying The relevance of these skills is shown throughout the text by highlighting the advantages of basing one's decisions on a thoughtful understanding of arguments and presenting the overarching commonalities across arguments With its conversational writing style and carefully selected examples the book employs a consistent and unified treatment of logical form and an innovative semiformal method of standardizing arguments that illustrates the concept of logical form while maintaining a visible connection to ordinary speech Without sacrificing accuracy or detail the authors have clearly presented the material with appropriate study tools and exercises that emphasize application rather than memorization Important Notice Media content referenced within the product description or the product text may not be available in the ebook version **Journal of Developmental Education**, 2007 Reading for Results Laraine E. Flemming, 2010-01-13 READING FOR RESULTS 11e is the mid level text in the ever popular reading series by Laraine Flemming which includes READING KEYS beginning level and READING FOR THINKING advanced level This hallmark developmental reading text is filled with stimulating readings that range in length from single paragraphs to textbook excerpts Chapters and explanations are carefully structured so that each skill builds on the previous one until students are ready to tackle longer multi paragraph selections By Chapter 11 More on Purpose Tone and Bias students are ready to think about the basic structure of an argument and lay the foundations for critical thinking The 11th edition features a wealth of enhancements A new Chapter 7 Drawing Inferences from Visual Aids shows students how to read and interpret charts and graphs as well as how such visuals connect to the text The 11th edition also includes increased emphasis on vocabulary building with over two hundred new words many drawn from academic texts which are introduced in context and defined in footnotes A new Summing Up the Key Points box presents the chapter's key concepts a few pages later a brief Check Your Understanding quiz asks students to recap those key concepts And techniques of outlining and diagramming are presented with visual examples for students to follow as well as diagrams to complete Important Notice Media content referenced within the product description or the product text may not be available in the ebook version

Thought and Knowledge and Thinking Critically about Critical Thinking Diane F. Halpern, Heidi R. Riggio, 2002

This best selling textbook written by award winning educator and past president of the APA Diane Halpern applies theory and research from the learning sciences to teach students the thinking skills they need to succeed in today's world. This new edition retains features from earlier editions that have helped its readers become better thinkers. A rigorous academic grounding based in cognitive psychology is presented in a clear writing style with a humorous tone and supported by numerous practical examples and anecdotes. Thought Knowledge Fourth Edition has been revised to help students meet the challenges of a global neighborhood and make meaningful conclusions from the overwhelming quantity of information now available at the click of a mouse. The skills learned with this text will help students learn more efficiently, research more productively and present logical informed arguments. New features include Template for Making Arguments. This is a crucial preparation tool for students in any subject area. For those planning on continuing to Graduate School, this feature is an essential reference. The Graduate Record Examination GRE now requires that all test takers write an argument on a contemporary topic. Concept Maps provide students with strategies to clarify complex information and retain long term knowledge. Contemporary Examples throughout the text relate current events to the book discussions. Explanations on How to Evaluate Information found on Web sites. Revised Student Workbook. Thinking Critically About Critical Thinking Fourth Edition is filled with new exercises to reinforce learning and practice newly acquired skills. This workbook can be purchased in a student package with the text or as a separate item. Thought Knowledge Fourth Edition is appropriate for use as a textbook in critical thinking courses offered in departments of psychology, philosophy, English, humanities or as a supplement in any course where critical thinking is emphasized.

Thought & Knowledge Diane F. Halpern, 2003. This best selling textbook written by award winning educator and past president of the APA Diane Halpern applies theory and research from the learning sciences to teach students the thinking skills they need to succeed in today's world. This new edition retains features from earlier editions that have helped its readers become better thinkers. A rigorous academic grounding based in cognitive psychology is presented in a clear writing style with a humorous tone and supported by numerous practical examples and anecdotes.
