Thinking Small The United States And The Lure Of Community Development:

Thinking Small Daniel Immerwahr, 2015-01-05 Daniel Immerwahr tells how the United States sought to rescue the world from poverty through small scale community based approaches He also sounds a warning such strategies now again in vogue have been tried before alongside grander modernization schemes with often disastrous consequences as self help gave way to crushing local oppression

Hearts, Minds, Voices Jason C. Parker, 2016-09-01 For over four decades the Cold War superpowers endeavored mightily to win hearts and minds abroad through public diplomacy Hearts Minds Voices explores how the non European world responded to this media war by joining it rejecting the Cold War in favor of forging an imagined community grounded in nonalignment economic development and racialized solidarity the Third World

Moved by the State Tina Loo, 2019-06-01 Why don't they just move This reductive question is asked whenever reports surface of the all too common lack of social services and economic opportunities in Canada's rural and urban communities But why are certain people and places vulnerable And who is responsible for a remedy From the 1950s to the 1970s the Canadian government relocated people often against their will in order to improve their lives Moved by the State offers a completely new interpretation of this undertaking seeing it as part of a larger project of development and focusing on the bureaucrats and academics who designed implemented and monitored the relocations rather than on those who were uprooted In this finely crafted history Tina Loo explores the contradiction between intention and consequence as diverse communities across Canada were resettled In the process she reveals the optimistic belief underpinning postwar relocations the power of the interventionist state to do good

The Myth of the Community Fix Sarah D. Cate, 2023 A detailed examination of the limitations and pitfalls of pursuing the community based reform movement in the American criminal justice system As the extent of America's mass incarceration crisis has come into sharper view politicians activists and non profit foundations from across the political spectrum have united around community based reforms Many states are pursuing criminal justice reforms that aim to move youth out of state run prisons and into community based alternatives as a way of improving the lives of youth caught in the juvenile justice system In The Myth of the Community Fix Sarah D Cate demonstrates that rather than a panacea community based juvenile justice reforms have resulted in a dangerous constellation of privatized institutions with little oversight Focusing on case studies of three leading states for this model of reform Texas California and Pennsylvania Cate provides a comprehensive look at the alarming on the ground consequences of the turn towards community in an era of austerity Although often portrayed as a break with past practices this book documents how community based reforms are the latest in a long line of policy prescriptions that further individualize the problem of delinquency bolster punitiveness and reduce democratic accountability Through contextualizing the community based reform movement as part of the broader shift away from the centralized provision of public goods in the United States Cate shows why those committed to addressing the problems of mass incarceration should be wary of the community fix

Punjab Michael Philipp Brunner, 2020-11-23 This book explores the localisation of modernity in late colonial India As a case study it focuses on the hitherto untold colonial history of Khalsa College Amritsar a pioneering and highly influential educational institution founded in the British Indian province of Punjab in 1892 by the religious minority community of the Sikhs Addressing topics such as politics religion rural development militarism or physical education the study shows how Sikh educationalists and activists made use of and localised communal imperial national and transnational discourses and knowledge Their modernist visions and schemes transcended both imperialist and mainstream nationalist frameworks and networks In its quest to educate the modern Sikh scientific practical disciplined and physically fit the college navigated between very local and global claims opportunities and contingencies mirroring modernity's ambivalent simultaneity of universalism and particularism

The Business of Marketing, Entrepreneurship, and Architecture of Communal Societies in the 1960s and 1970s Rahima Schwenkbeck, 2021-11-13 This book provides an in depth history of three US based communal societies that operated in the late 1960s and 1970s Soul City Stelle and Twin Oaks with an emphasis on their financing marketing and entrepreneurship processes These communities reflect the diversity of people who were dissatisfied with the direction in which American society was heading often underpinned by concerns over racism sexism the environment and capitalism and decided to take the radical step of joining a communal society A moral economy approach offers a lens on how these communities were prevented from fully realizing their visions due to the confines of capitalism as embedded in banking practices zoning laws and systemic racism

Agrarian Crossings Tore C. Olsson, 2017-08-02 In the 1930s and 1940s rural reformers in the United States and Mexico waged unprecedented campaigns to remake their countrysides in the name of agrarian justice and agricultural productivity *Agrarian Crossings* tells the story of how these campaigns were conducted in dialogue with one another as reformers in each nation came to exchange models plans and strategies with their equivalents across the border Dismantling the artificial boundaries that can divide American and Latin American history Tore Olsson shows how the agrarian histories of both regions share far more than we realize He traces the connections between the US South and the plantation zones of Mexico places that suffered parallel problems of environmental decline rural poverty and gross inequities in land tenure Bringing this tumultuous era vividly to life he describes how Roosevelt's New Deal drew on Mexican revolutionary agrarianism to shape its program for the rural South Olsson also looks at how the US South served as the domestic laboratory for the Rockefeller Foundation's green revolution in Mexico which would become the most important Third World development campaign of the twentieth century and how the Mexican government attempted to replicate the hydraulic development of the Tennessee Valley Authority after World War II Rather than a comparative history *Agrarian Crossings* is an innovative history of comparisons and the ways they affected policy moved people and reshaped the landscape

Globalizing the U.S. Presidency Cyrus Schayegh, 2020-01-09 Using John F Kennedy as a central figure and reference point this volume explores how postcolonial citizens viewed the US

president when peak decolonization met the Cold War Exploring how their appropriations blended with their own domestic and regional realities the chapters span sources cases and languages from Latin America Africa Asia and Europe to explore the history of US and third world relations in a way that pushes beyond US centric themes Examining a range of actors Globalizing the U S Presidency studies various political sociocultural and economic domestic and regional contexts during the Cold War era and explores themes such as appropriation antagonism and contestation within decolonisation Attempting to both de americanize and globalize John F Kennedy and the US Presidency the chapters examine how the perceptions of the president were fed by everyday experiences of national and international postcolonial lives The many examples of worldwide interest in the US president at this time illustrate that this time was a historical turning point for the role of the US on the global stage The hopes and fears of peaking decolonization the resulting pressure on Washington Moscow and other powers and a new mediascape together ushered in a more comprehensive globalization of international politics and a new meaning to the United States in the world

Building the Population Bomb Emily Klancher Merchant, 2021 Building the Population Bomb carefully examines how the rise of the world s human population came to be understood as problematic by scientists and governments across the globe It challenges our assumption of population growth as inherently problematic by demonstrating how it is our anxieties over population growth and not population growth itself that have detracted from the pursuit of economic environmental and reproductive justice

The Oxford Handbook of Late Colonial Insurgencies and Counter-Insurgencies Martin Thomas, Gareth Curless, 2023-10-10 The lethality of conflicts between insurgent groups and counter insurgent security forces has risen markedly since the Second World War just as those of conventional or inter state wars have declined For several decades conflicts within states rather than between them have been the prevalent form of organised political violence worldwide Recent conflicts in Afghanistan Iraq and Syria have fired interest in colonial experiences of rebellion while current western interventions in sub Saharan Africa have prompted accusations of militarist humanitarianism Yet despite mounting interest in counter insurgency and empire comparative investigation of colonial responses to insurrection and civil disorder is sparse Some scholars have written of a golden age of counter insurgency which began with Britain s declaration of a Malayan Emergency in 1948 and ended with the withdrawal of US ground troops from Vietnam in 1973 It is with this period if not with any presumed golden age that this volume is concerned This Handbook connects ideas about contested decolonization and the insurgencies that inspired it with an analysis of patterns and singularities in the conflicts that precipitated the collapse of overseas empires It attempts a systematic study of the global effects of organized anti colonial violence in Asia and Africa The objective is to reconceptualize late colonial violence in the European overseas empires by exploring its distinctive character and the globalizing processes underpinning it

The Top Books of the Year Thinking Small The United States And The Lure Of Community Development The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the engaging narratives that have enthralled audiences this year. Thinking Small The United States And The Lure Of Community Development : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Thinking Small The United States And The Lure Of Community Development : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Thinking Small The United States And The Lure Of Community Development : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
