Andrew Holowchak, 2013-12-11 Though it is not uncommon for historians to have something to say concerning philosophical strands in Jefferson's thought that something is usually insubstantial often misleadingly so or inchoate Overall precious little has been said The significance of the man and the richness of his thought demands that this defect be remedied *Thomas Jefferson and Philosophy* is a collection of nine new essays on philosophical elements in Jefferson's writings The first of its kind this collection should lead to further philosophical analysis of Jefferson's thinking especially by philosophers who tend to appreciate Jefferson only as the author of the Declaration of Independence and to greater appreciation for the man who gave to statesmanship a large number of the prime of his years out of a moral sense of duty to others In that regard Jefferson was always first a philosopher This book will be a valuable read for students and scholars of history political theory and philosophy as well as anyone interested in the thought of Thomas Jefferson

Thomas Jefferson and Philosophy Mark Holowchak, 2014 *Thomas Jefferson and Philosophy Essays on the Philosophical Cast of Jefferson's Writings* is a collection of essays on topics that relate to philosophical aspects of Jefferson's thinking over the years Much historical insight is given to ground the various philosophical strands *Thomas Jefferson* M. Andrew Holowchak, 2014-11-11 This is the first book to systematize the philosophical content of Thomas Jefferson's writings Sifting through Jefferson's many addresses messages and letters philosopher M. Andrew Holowchak uncovers an intensely curious Enlightenment thinker with a well constructed people sympathetic and consistent philosophy As the author shows Jefferson's philosophical views encompassed human nature the cosmos politics morality and education Beginning with his understanding of the cosmos part one considers Jefferson's philosophical naturalism and the influence on him of Francis Bacon Isaac Newton and John Locke The next section critically examines his political viewpoints specifically his republicanism liberalism and progressivism The third part Jefferson on Morality analyzes Jefferson's thoughts on human nature his moral sense theory and his notion of natural aristoi best or most virtuous citizens Finally Jefferson on Education reviews his ideas on properly

educating the people of the new nation for responsible participatory citizenry Jefferson conceived of the United States as a great experiment embodying a vision of a government responsibly representative of its people and functioning for the sake of them This book will help readers understand the philosophical perspective that sustained this audacious innovative and people first experiment

Von unmittelbarer Demokratie zur Repräsentation Philip Dingeldey, 2022-07-14 Zahlreiche bürgerliche Revolutionen haben im 18. Jahrhundert die Demokratie begrifflich aufgewertet Mit diesem Wandel ging aber ein zweiter einher Die Demokratie wird zur repräsentativen Form umgedeutet was dem demokratischen Prinzip jedoch entgegensteht Repräsentationssysteme sind mit einer aristokratischen Rekrutierung des Amtspersonals per Wahl und der Abgabe politischer Macht an Repräsentanten nur eine elitäre Alternative Philip Dingeldey analysiert diese fundamentale Umdeutung der Demokratie die mit einem aristokratischen Republikkonzept verbunden ist und keine Weiterentwicklung der klassischen Demokratie mit der direkten freien und gleichen Selbstgesetzgebung der Bürgerschaft darstellt *Dutiful Correspondent* Mark Holowchak, 2013 In a series of essays that examine Thomas Jefferson's own writings Holowchak investigates the always profound and often provocative ideas of this founding father *Dutiful Correspondent* explores Thomas Jefferson as a philosopher in his own right Holowchak expands our view of Jefferson by examining his own words on issues such as race politics ethics education and the intersection of philosophy and science *The Scholar's Thomas Jefferson* M. Andrew Holowchak, 2020-11-24 In spite of Thomas Jefferson's myriad beneficial accomplishments in so many disciplines he is best known for his political feats both his successes the Declaration of Independence Louisiana Purchase and numerous bills drafted and his failures such as his spell as wartime governor of Virginia and the embargo during his second term as President Consequently though all collections of Jefferson's thousands of writings offer a sampling of the diversity of his interests all compilations focus on Jefferson the politician and that is regrettable for scholars with an interest in the breadth and depth of the amazing mind of Thomas Jefferson This book serves to remedy that shortcoming It is a unique collection of Jefferson's writings tailored to scholars who wish to have access to all aspects of his far-reaching mind There are sections on politics and political theory morality and religion thoughts on theory and praxis of education and miscellanea which is a sort of grab bag for relevant topics that do not neatly fit into the first three parts

The Philosophy of Thomas Jefferson Adrienne Koch, 1964

Arts & Humanities Citation Index, 1975 A multidisciplinary index covering the journal literature of the arts and humanities It fully covers 1,144 of the world's leading arts and humanities journals and it indexes individually selected relevant items from over 6,800 major science and social science journals *The Disease of Liberty* M. Andrew Holowchak, 2024-04-16 Liberty for Jefferson was the driving force of human history and a realizable state of the human organism and of a society of men Study of history and anthropology showed that humans were moving from the barbaric independence suffered in primal hordes which lived inefficiently on lands to a more economical human friendly use of land in social settings demanding laws for order Those laws historically favored the powerful few to the detriment of the hoi polloi As

a pupil of the Enlightenment Jefferson argued that all humans were by nature equal and thus deserving of as much civic liberty as a reason oriented and sciences loving society a Jeffersonian republic could guarantee them This book philosophical explains how such a society was possible given Jefferson s conception of the nature of man and how the realization of one such society could lead through contagion to a global community of such societies There are a large number of books that cover Jefferson s political ideology e g Gordon Wood s *Empire of Liberty* and Adrienne Koch s *The Philosophy of Thomas Jefferson* too many to limn but none that gets at the philosophical implications of TJ s views on liberty This book examining TJ as a natural scientist and philosophy examines and situates him in the manner of other great political ideologists of his day e g Hume and Kant

Eulogium on Thomas Jefferson, delivered before the American Philosophical Society ... April 1827 Nicholas BIDDLE (LL.D.), 1827 **The Papers of Thomas Jefferson, Volume 1** Thomas Jefferson, 2018-06-05 includes the almost incredible volume of Jefferson s writings on practically every aspect of human life from politics and diplomacy to architecture philosophy agriculture and music The series includes 18 000 letters written by Jefferson and in full or summary 25 000 letters written to him by the great and humble of many nations No previous edition has included more than fifteen per cent of the total and only about a fifth of the documents have ever been published anywhere Covering the years 1760 1776 **The Lost World of Thomas Jefferson** Daniel Joseph Boorstin, 1960 In this classic work by one of America s most distinguished historians Daniel Boorstin enters into Thomas Jefferson s world of ideas By analysing writings of the Jeffersonian Circle Boorstin explores concepts of God nature equality toleration education and government in order to illuminate their underlying world view The Lost World of Thomas Jefferson demonstrates why on the 250th anniversary of his birth this American leader s message has remained relevant to our national crises and grand concerns The volume is too subtle too rich in ideas for anyone to do justice to it in brief summary too heavily documented and too carefully wrought for anyone to dismiss its thesis It is a major contribution not only to Jefferson studies but to American intellectual history All who work in the history of ideas will find themselves in Mr Boorstin s debt Richard Hofstadter *South Atlantic Monthly*

Nature's Man Maurizio Valsania, 2013 Although scholars have adequately covered Thomas Jefferson s general ideas about human nature and race this is the first book to examine what Maurizio Valsania terms Jefferson s philosophical anthropology philosophical in the sense that he concerned himself not with describing how humans are culturally or otherwise but with the kind of human being Jefferson thought he was wanted to become and wished for citizens to be for the future of the United States Valsania s exploration of this philosophical anthropology touches on Jefferson s concepts of nationalism slavery gender roles modernity affiliation and community More than that *Nature's Man* shows how Jefferson could advocate equality and yet control and own other human beings A humanist who asserted the right of all people to personal fulfillment Jefferson nevertheless had a complex philosophy that also acknowledged the dynamism of nature and the limits of human imagination Despite Jefferson s famous advocacy of apparently individualistic rights to life liberty and the

pursuit of happiness Valsania argues that both Jefferson's yearning for the human individual to become something good and his fear that this hypothetical being would turn into something bad were rooted in a specific form of communitarianism Absorbing and responding to certain moral philosophical currents in Europe Jefferson's nature infused vision underscored the connection between the individual and the community Rethinking Thomas Jefferson's Writings on Slavery and Race M. Andrew Holowchak, 2020-01-10 Revisionism has been the historical vogue for well over two decades concerning Jeffersonian scholarship This movement has been an attempt to neutralize the avowed hagiographical scholarship on Jefferson by aiming to offer an all too human Thomas Jefferson The regrettable result has been a depiction iterated and reiterated uncritically by scholars of a less than human Jefferson presenting him as an inveterate hypocrite and racist Thus Jeffersonian scholarship as argued here has become an exercise in useless fatuous repetition of the same claims that has impeded attempts by serious scholars to gain fresh insights into the mind of one of the greatest Americans This book offers a stimulating provocative challenge to the stale revisionist claims on Jefferson concerning his hypocrisy and racism It will appeal to mavens of Jefferson as well as scholars intent on moving forward with Jeffersonian scholarship The book will also appeal to those persons who believe it is time to resituate Jefferson on his little mountain **Selections from the Personal, Political, and Philosophical Writings of Thomas Jefferson** Thomas Jefferson, Lynd illustrator Ward, Saul K.--editor Padover, 1967 **The Cavernous Mind of Thomas Jefferson, an American Savant** M. Andrew Holowchak, 2019-10-07 While every biographer has something to say concerning Thomas Jefferson's cavernous mind his varied interests and the depth of his understanding of them there has never been strange as it might seem a non anthology dedicated to fleshing out key features of his mind exploring Jefferson's varied interests through his varied personae This book studying Jefferson as lawyer moralist politician scientist epistolist aesthetician farmer educationalist and philologist does just that In tracing out the many hats Jefferson wore there are many disclosures here For instance personal growth and human betterment were driving forces throughout his life and they shaped his liberal and agrarian political philosophy which in turn shaped his philosophy of education Moreover Jefferson was a great lover of beauty but beauty for him was always second to functionality That had implications for his views on agriculture morality aesthetics philology and even the Fine Arts The structure of this book covering an array of topics related to the mind of Jefferson will make it appeal to a large audience In addition scholarly details in each chapter will make it must read for Jeffersonian researchers **Eulogium on Thomas Jefferson** Nicholas Biddle, 1827 Thirty-Six More Short Essays, Plus Another, on the Probing Mind of Thomas Jefferson M. Andrew Holowchak, 2020-02-03 This book is a companion to the author's previous volume *Thirty Six Short Essays on the Probing Mind of Thomas Jefferson* It provides the reader with new short essays on Jefferson thoughts on political philosophy and religion and morality There are in addition 10 essays on Jeffersonian historiography as Jefferson it is commonly complained is an exceedingly difficult if not impossible task for any historian The book is crafted both to entertain the essays

are brisk and lively and to enlighten The essays are provocative and critical and take the reader deep within the recesses of Jefferson's large mind while also highlighting that Jefferson is still quite relevant today Jefferson's Political Philosophy and the Metaphysics of Utopia M. Andrew Holowchak, 2017-02-20 In Jefferson's Political Philosophy and the Metaphysics of Utopia M. Andrew Holowchak traces the development of Jeffersonian republicanism as a political philosophy though it is today seldom seen as a political philosophy by examining the documents he wrote e.g. Declaration First Inaugural Address and significant letters and key literature he read That political philosophy fundamentally progressive and people first was driven by a vision of an empire of liberty a global confederation of republican nations in moral and political partnership and peaceful coexistence and was to take root in North America Jefferson's vision influenced his domestic and foreign policies as president and the numerous letters he wrote after his presidency but never took root there or anywhere Was that due to a defect of vision a view of humans capacities and goodness at odds with reality or were historical forces at play which were antagonistic to the rooting and suckering of Jeffersonian republicanism
