Three Deaths And Enlightenment Thought Hume Johnson Marat:

Three Deaths and Enlightenment Thought Stephen Miller, 2001 Although Hume and Johnson told profoundly different views of religion their political thinking has much in common Their reformist thought differs radically from what might be called the transformist thought of Marat who hoped the French would become disinterested citizens whose civil religion was patriotism

Three Deaths and Enlightenment Thought Stephan Miller, 2001-07 In recent years there has been an extended debate about Enlightenment thought Though many scholars have concluded that there were several Enlightenments some continue to make generalizations about the Enlightenment and some speak about the Enlightenment agenda After discussing the cult of the deathbed scene in eighteenth century Britain and France the author looks at three currents of Enlightenment thought implicit in the deathbed projects of David Hume Samuel Johnson and Jean Paul Marat Although Hume and Johnson hold profoundly different views of religion their political thinking has much in common Their reformist thought differs radically from what might be called the transformist thought of Marat who hoped the French would become disinterested citizens whose civil religion was patriotism The author argues that Enlightenment thought was more varied and in its reformist current less hostile to tradition than many observers have allowed Enlightenment thought was less a cluster of ideas than a debate about a number of questions especially the following how to contain religious and secular fanaticism or what was called enthusiasm what are the effects of luxury and what is the nature of the passions There was as J G A Pocock says a family of Enlightenment and there is room for the recognition of family quarrels Why look at deathbed scenes to chart the currents of Enlightenment thought Because an interest in deathbed scenes was widespread in eighteenth century Britain and France The final days of Hume stirred up a controversy that lasted for at least a decade and the final days of Johnson also attracted a great deal of attention but Marat's death had the greatest impact of the three His assassination gave impetus to the Jacobins attempt to eliminate the influence of the church and greatly expand the influence of the state Marat's project to transform France failed but so did the projects of Hume and Johnson Hume argued that religious belief was based on the foolish fear of

Dead Masters Anthony W. Lee, 2011-12-16 Dead Masters examines the dual issues of mentoring and intertextuality as an integrated phenomenon Through a series of fresh and novel readings of Johnsonian and Boswellian texts the book further advances our awareness of the formal complexities of Johnson's writings and the psychological substratum from which they issue

Aspects of Samuel Johnson Howard D. Weinbrot, 2005 Howard D Weinbrot's Aspects of Samuel Johnson Essays on His Arts Mind Afterlife and Politics collects earlier and new essays on Johnson's varied achievements in lexicography poetry narrative and prose style It considers Johnson's uses of the general and the particular as they relate to the reader's role in the creative process his complex approach to the concept of literary genre and his resolutely in human view of skepticism

Hume James A. Harris, 2015-10-06 This is the first book to provide a comprehensive overview of the entire career of one of Britain's greatest men of letters It sets in biographical and historical context all of Hume's works from

A Treatise of Human Nature to The History of England bringing to light the major influences on the course of Hume's intellectual development and paying careful attention to the differences between the wide variety of literary genres with which Hume experimented The major events in Hume's life are fully described but the main focus is on Hume's intentions as a philosophical analyst of human nature politics commerce English history and religion Careful attention is paid to Hume's intellectual relations with his contemporaries The goal is to reveal Hume as a man intensely concerned with the realization of an ideal of open minded objective rigorous dispassionate dialogue about all the principal questions faced by his age

Loving Dr. Johnson Helen Deutsch, 2011-02-15 The autopsy of Samuel Johnson 1709-84 initiated two centuries of Johnsonian anatomy both in medical speculation about his famously unruly body and in literary devotion to his anecdotal remains Even today Johnson is an enduring symbol of individuality authority masculinity and Englishness ultimately lending a style and a name the Age of Johnson to the eighteenth century English literary canon Loving Dr Johnson uses the enormous popularity of Johnson to understand a singular case of author love and to reflect upon what the love of authors has to do with the love of literature Helen Deutsch's work is driven by several impulses among them her affection for both Johnson's work and Boswell's biography of him and her own distance from the largely male tradition of Johnsonian criticism a tradition to which she remains indebted and to which Loving Dr Johnson is ultimately an homage Limning sharply Johnson's capacious oeuvre Deutsch's study is also the first of its kind to examine the practices and rituals of Johnsonian societies around the world wherein Johnson's literary work is now dwarfed by the figure of the writer himself An absorbing look at one iconic author and his afterlives Loving Dr Johnson will be of enormous value to students of English literature and literary scholars keenly interested in canon formation

Samuel Johnson After 300 Years Greg Clingham, Philip Smallwood, 2009-05-28 To mark the tercentenary of Samuel Johnson's birth in 2009 the specially commissioned essays contained here review his scholarly reputation An international team of experts reflects authoritatively on the various dimensions of literary historical critical and ethical life touched by Johnson's extraordinary achievement The volume distinctively casts its net widely and combines consistently innovative thinking on Johnson's historical role with a fresh sense of present criticism Chapters cover subjects as diverse as Johnson's moral philosophy his legal thought his influence on Jane Austen and the question of the Johnson canon The contributors examine the larger theoretical and scholarly contexts in which it is now possible to situate his work and from which it may often be necessary to differentiate it All the contributors have a distinguished record of scholarship in eighteenth century studies Johnson scholarship and cultural history and theory

The Rest Is Silence Joanna Stalnaker, 2025-10-14 A moving, intimate portrait of the Enlightenment philosophers as they faced the end of their lives and their historical moment. What would the Enlightenment look like if we viewed it through the eyes of the philosophers as they were facing death? Joanna Stalnaker turns our usual perspective on the Enlightenment on its head, bringing to light a set of works written at the end of the Old Regime and at the end of their authors' lives. These works, all written before the French Revolution, cast a retrospective glance over the intellectual movement their authors participated in and over the authors' own lives and works. Stalnaker shows that the beauty of these works stems from their authors' efforts to give literary form to the materiality and fragility of their dying bodies. As they reflected on writing as a means of reaching posterity, Enlightenment philosophers embraced the possibility that neither their names nor their writings would survive long beyond the decomposition of their bodies. They inscribed the silence and nothingness of death into their last works. Stalnaker's book unsettles reigning interpretations of the Enlightenment as a precursor to our modernity and shows its protagonists at their moments of fragility and doubt, capturing their sense of an ending rather than the confidence in a glowing future so often attributed to them.

Theology and Literature in the Age of Johnson Melvyn New, Gerard Reedy, S.J., 2012-06-14 Seventeen essays explore the complex relationships between literary intentions and theological concerns of authors writing in the second half of the eighteenth century. The diversity of literary forms and subjects, from Fielding and Richardson to Burke and Wollstonecraft, is matched by

a diversity of theologies to argue that the age resisted secularism is by no means to argue that that resistance was blindly doctrinal or rigidly uniform the many ways secularism could be resisted is the subject of the collection The Cambridge History of English Literature, 1660-1780 John Richetti, 2005-01-06 The Cambridge History of English Literature 1660 1780 offers readers discussions of the entire range of literary expression from the Restoration to the end of the eighteenth century In essays by thirty distinguished scholars recent historical perspectives and new critical approaches and methods are brought to bear on the classic authors and texts of the period Forgotten or neglected authors and themes as well as new and emerging genres within the expanding marketplace for printed matter during the eighteenth century receive special attention and emphasis The volume's guiding purpose is to examine the social and historical circumstances within which literary production and imaginative writing take place in the period and to evaluate the enduring verbal complexity and cultural insights they articulate so powerfully *Patrons of Enlightenment* Edward Andrew, 2006-01-01 Patrons of Enlightenment emphasizes the dependency of thinkers upon patrons and compares the patron-client relationships in the French English and Scottish republics of letters Native Americans James Robbins, 2012-06-19 In the decennial census and the American Community Survey increasing numbers of people are writing in American as their national ancestry By doing this they are cutting their ancestral ties to all other homelands and ethnicities and taking a stand as authentic representatives of the American nation In the mix of American cultures they are laying claim to being members of the primary and irreducible people This growing social phenomenon serves as the launching point for a discussion of what Americanism means in the 21st Century its roots its significance and the unrelenting assault from multiculturalists who believe either believe the term American signifies nothing or is a badge of shame Author James S Robbins describes the foundations of the American ideal the core set of beliefs that define American values and the way in which these values have been undermined and corrupted He also makes the case for the benefits of an objective standard of what American means and the benefit in returning to the values that turned America from an undeveloped wilderness to the most exceptional country in the world **Autobiography as Philosophy** Thomas Mathien, D.G. Wright, 2006-10-03 This collection discusses several philosophers autobiographies in the light of their authors broader work and considers whether there are any philosophical tasks for which life accounts are particularly appropriate *Mortality's Muse* D. T. Siebert, 2013-10-10 The inevitability of death that of others and our own is surely among our greatest anxieties *Mortality's Muse* The Fine Art of Dying explores how art mainly literary art addresses that troubling reality While religion and philosophy offer important consolations for life's end art responds in ways that are perhaps more complete and certainly more deeply human Among subjects treated the ars moriendi or art of dying tradition the contrast between past and more recent cultural values the religious consolation's value but shortcoming for some people the role of art in offering a secular consolation dying as a performing art the philosophic ideal of good death the lively appeal of carpe diem or living for the present moment the

elegiac sense of life and the two opposite parts Mortality's Muse has played in dealing with war the most senseless and unnecessary cause of death The idea of an aesthetic sense of life forms the basis of these discussions Human beings are makers in the largest sense of the word and art represents everything they make civilization itself with all its greatness and failings Our civilization may ultimately be nothing but an evanescent blip in the cosmos Even so the creation of beauty meaning and purpose from disorder and suffering defines us as human beings In the words of Robinson Jeffers even if monuments eventually crumble and all art perish yet for thousands of years carved stones have stood and pained thoughts found the honey of peace in old poems *Polemic* Jane Gallop, 2012-11-12 These new essays by leading scholars examine some famous and less well known instances of polemical encounters The essays are enhanced by an interview with Gayatri Spivak specially conducted by Jane Gallop for this volume Historically rigorous theoretically astute and sometimes wickedly funny *Polemic* makes criticism a critical issue **Religious Violence in the Ancient World** Jitse H. F. Dijkstra, Christian R. Raschle, 2020-10 A comparative examination and interpretation of religious violence in the Graeco Roman world and Late Antiquity *Literature and Medicine in the Nineteenth-Century Periodical Press* Megan Coyer, 2016-12-05 In the early nineteenth century Edinburgh was the leading centre of medical education and research in Britain It also laid claim to a thriving periodical culture *Literature and Medicine in the Nineteenth Century Periodical Press* investigates how Romantic periodicals cultivated innovative literary forms ideologies and discourses that reflected and shaped medical culture in the nineteenth century It examines several medically trained contributors to Blackwood's Edinburgh Magazine the most influential literary periodical of the time and draws upon extensive archival and bibliographical research to reclaim these previously neglected medico literary figures Situating their work in relation to developments in medical and periodical culture Megan Coyer's book advances our understanding of how the nineteenth century periodical press cross fertilised medical and literary ideas *A Companion to the English Novel* Stephen Arata, Madigan Haley, J.
