The Historical Harpsichord Howard Schott, 1984 Volume IV of The Historical Harpsichord contains two monographs of major importance Harpsichord Decoration A Conspectus by Sheridan Germann and A Fable Deconstructed The 1770 Taskin at Yale by Richard Rephann Sheridan Germann an acclaimed scholar and practitioner in the field of harpsichord decoration offers the first comprehensive illustrated conspectus of the subject In Part I Ms Germann tells us that the styles of the decoration of harpsichords and spinets virginals and clavichords tended to follow contemporary furniture fashions but usually lagged conservatively behind the prevailing fashions Because unlike most furniture the instruments are often dated they provide rare documentation of how long these styles remained in common use This survey follows chronologically the five major regional traditions of keyboard instrument decoration Italian Flemish French German and English but with emphasis on the international changes in taste on which each region produced its own variations In Part II Richard Rephann of the Yale

Musical Instrument Collection describes his research into the uniquely experimental construction of the 1770 Pascal Taskin harpsichord This essay forms a pendant to William Dowd s in Vol I that treats the surviving instruments of the Blanchet Taskin workshop up to 1770 The romantic provenance of the 1770 Taskin concocted by the antique trade to enhance the instrument s market value is revealed as a fable **Eighteenth-Century Keyboard Music** Robert Marshall,2004-03-01

Ledbetter,2019-06-12 The works of the 17th century French harpsichord composers the clavecinistes are among the principal treasures of the harpsichord repertoire It is a commonplace of music histories that their style was strongly influenced by contemporary lutenists yet the assessment of this influence has until now been limited to pointing out a few superficial resemblances This book is the first comprehensive account of the relationship between the two styles The nature and extent of the influence can now be seen as much more far reaching than has been supposed The clavecinistes adopted many details of lute style and an understanding of these is essential for the proper performance of their works More importantly the lute style opened up the possibility of an entirely new expressive dimension in the playing of the harpsichord in exploring this the clavecinistes evolved a style which dominated European keyboard music in the 17th century and provided a basis for the subsequent development of idiomatic keyboard style **Instruments À Claviers, Expressivité Et Flexibilité Sonore** Thomas Steiner,2004 Conference organized by Fondation Harmoniques **Early Keyboard Instruments** David Rowland,2001-03-26 A select bibliography and extensive endnotes enable the reader to take all of the issues further Jacket **Performance Practice** Roland Jackson,2013-10-23 Performance practice is the study of how music was performed over the centuries both by its originators the composers and performers who introduced the works and later by revivalists This first of its kind Dictionary offers entries on composers musiciansperformers technical terms performance centers musical instruments and genres all aimed at elucidating issues in performance practice This A Z guide will help students scholars and listeners understand how musical works were originally performed and subsequently changed over the centuries Compiled by a leading scholar in the field this work will serve as both a point of entry for beginners as well as a roadmap for advanced scholarship in the field The Harpsichord and Its Repertoire Pieter Dirksen,1992 **Bartolomeo Cristofori and the Invention of the Piano** Stewart
