Tragedy Crazy Bob, 2011-10-20 This biography is dedicated to my children whom I love so much and hurt so badly After my children were born my life was built around these two kids in every way The joy that they brought to my life was and remains overwhelming I sit back and wonder how I could have been capable of what I did and my heart aches for them every time I think about it The book covers over sixty years of my life There were many traumatic and tragic events throughout my life but I was able to get over the hurdles and move on to the next phase of my life even though in most cases it was an extremely emotional transition and still remain with me In particular one tragic event continues to haunt me and is the main theme of this book I am sure that others have grown under similar circumstances and have gone through many of the situations that I have This book is written in the hope that it may encourage others to move on no matter what the situation might be The Lord has your life chartered from the beginning and it is up to you to continue on in his name Don't give up There is a light at the end of the tunnel Also you can enjoy the wild and crazy antics that seem to have followed me through the years and I'm lucky that I am still alive Everything thing that is written is the truth sometimes probably hard to believe and sometimes hard to comprehend but it is the absolute truth *Radical Formalisms* Sarah Nooter, Mario Telò, 2023-12-14

The term radical formalism refers to strategies aimed at defamiliarising and revitalising conventional modes of formalistic reading and theorising form These strategies disrupt and unsettle established norms while incorporating a metadiscursive awareness of their broader political implications This volume presents a radical reconceptualisation of literary works from Greek and Roman antiquity Engaging in an ongoing dialogue with critical theory and postcritique as well as drawing inspiration from traditions rooted in Black art poetry and philosophy both directly and indirectly connected to the classical tradition the essays in this collection explore subversions of canonical norms and resistances to the hegemony of textual

order This collection not only provides new provocative insights into a corpus of texts that has exerted a lasting impact on modern literature and philosophy but also challenges current interpretive methods recasting the very practice of reading in relation to form poetics language sound temporalities and textuality The Tragedy of Tin Can Alley Jacksonville University.
