Wittgenstein Between Analytic Philosophy Apophaticism:

Ludwig Wittgenstein between Analytic Philosophy and Apophaticism Sotiris Mitralaxis, 2015-10-13 This volume initiates an inquiry into the relationship between Ludwig Wittgenstein's analytic stance towards philosophy and the inherently apophatic nature of his epistemology a subject that has been repeatedly hinted at but hitherto never thoroughly researched through this particular hermeneutical lens In using the term apophaticism the book is not merely referring to the theological *via negativa* or to tendencies towards mysticism but rather to a comprehensive epistemological stance that refuses to identify truth with its formulation and to identify the understanding of the signifier with the knowledge of its signified reality to use Christos Yannaras' definition The question of whether Ludwig Wittgenstein's work can be approached as a particularly efflorescent case of the implementation of an implicitly and at times explicitly apophatic epistemology is herewith addressed As such this volume contends that such an approach would not merely provide elucidations on apophatic epistemologies but rather shed potentially valuable hermeneutical light on Wittgenstein's work functioning as an epistemological thread running through it Consequently the focal points here consist of questions concerning knowledge and its disclosure ineffability non-discursivity the function of language the limits of one's language as the limits of one's world and the language of religion among others In addition the volume's contribution to shedding more light on the apophatic aspects of Ludwig Wittgenstein's philosophy is enhanced by its inclusion of a broad spectrum of different approaches with contributors ranging from Wittgenstein scholars to Patristics scholars and beyond

Polis, Ontology, Ecclesial Event Sotiris Mitralaxis, 2018-01-01 Christos Yannaras born 1935 in Athens Greece has been proclaimed without doubt the most important living Greek Orthodox theologian Andrew Louth contemporary Greece's greatest thinker Olivier Clément one of the most significant Christian philosophers in Europe Rowan Williams However until recently the English speaking scholar did not have first hand access to the main bulk of his work in spite of the relatively early English translation of his *The Freedom of Morality* 1984 most of his books appeared in English fairly recently such as *Person and Eros* 2007 *Orthodoxy and the West* 2006 *Relational Ontology* 2011 or *The Schism in Philosophy* 2015 In this volume chapters shall examine numerous aspects of Yannaras' contributions to Orthodox theology philosophy and political thought based on his relational ontology of the person later popularised in the Anglophone sphere by John Zizioulas From political theology to Heidegger and the philosophy of language from Yannaras' critique of religion to the patristic grounding of the theology of the person and from Orthodoxy to the West this volume comprises a panorama of Christos Yannaras transdisciplinary contributions

Ethics Lost in Modernity Matthew Vest, 2023-07-21 *Ethics Lost in Modernity* Reflections on Wittgenstein and Bioethics turns to the philosopher Ludwig Wittgenstein as a guide to understand the immense success yet great danger of bioethics Matthew Vest traces the story of bioethics since its inception in the late 1960s as a way to uncover a number of hidden assumptions within modern ethics that relies upon scientific theorizing as the fundamental way of thinking Autonomy and utilitarianism in particular are two nearly

unquestioned goals of scientific theorizing that are easily accessible but at what cost Vest argues that such an ethics enacts a thin moral calculation that runs the risk of enslaving ethics to scientism Far from the depth of religious ethos and practices of virtue modern ethics is lost amidst thin ethical theories enacting a language game that instrumentalizes ethics in service of technological bureaucratic and professional end goals He proposes that true moral living is far from anti science but rather is envisioned best when ethics and science are balanced with keen insights from ancient sacred cosmology Analogia

God in St Gregory Palamas Tikhon Pino,2022-10-03 St Gregory Palamas ca 1296 1357 is among the most well known and celebrated theologians of late Byzantium This book provides a comprehensive account of the essence energies distinction across his twenty five treatises and letters written over a twenty year period An Athonite monk abbot and later Metropolitan of Thessalonica Gregory is remembered especially for his distinction between God s essence and energies and his celebrated doctrine still generates a great deal of debate What does Palamas actually mean by the term energies Are they activities that God performs and if so how can they be eternal and uncreated Indeed how could God be simple if he possesses energies distinct from his essence Going beyond the Triads and the One Hundred and Fifty Chapters this book explores Palamas s answers to these long standing questions by analyzing all of the treatises produced by Palamas between the years 1338 and 1357 It seeks to understand what Palamas means when he speaks of God s energies how he seeks to prove that they are distinct from the divine essence and how he explains that this distinction in no way violates the unity and simplicity of the one God in Trinity Essence and Energies is a useful resource for upper level undergraduates postgraduates and scholars interested in Byzantine theology in the fourteenth century **Mustard Seeds in the Public Square** Sotiris

Mitralaxis,2019-01-10 This volume seeks to explore the intersection of theology philosophy and the public sphere not by referring the social and political to ethics and deontology as is often the case but rather to ontology itself to the very nature of beings The meaning of history and historicity is most pertinent to this enquiry and is approached here both from the perspective of social reality and from the perspective of ontology Joining together contributions focusing on theory of the public sphere and metaphysics chapters explore subjects as diverse as the political implications of the Incarnation the paradox between ontology and history politically left and right appropriations of Christianity the fecundity of Maximus the Confessor s insights for a contemporary political philosophy modern Orthodox political theology focusing on Christos Yannaras and numerous thematic areas that together form the mosaic of the enquiry in question **Wittgenstein and Analytic Philosophy** Hans-Johann Glock,John Hyman,2009-05-14 Thirteen leading contributors offer new essays in honour of the eminent philosopher and Wittgenstein scholar Peter Hacker They discuss issues in the interpretation of Wittgenstein investigate central topics in the history of analytic philosophy and explore and assess Wittgensteinian ideas about language mind action ethics and religion *Between Wittgenstein and Weil* Jack Manzi,2023-11-03 This volume explores the relationship between the philosophical thought of Simone Weil and Ludwig Wittgenstein The contributions shed light on how reading Weil can inform our understanding of Wittgenstein and vice versa The chapters cover different aspects of Weil s and Wittgenstein s philosophy including their religious thought and their views on ethics and metaphilosophy They address the following questions How does Wittgenstein s struggle with religious belief match up with Simone Weil s own struggle with organised belief What is the role of the mystical and supernatural in their works How much impact has various posthumous editorial decisions had on the shaping of Weil s and Wittgenstein s thought Is there any significance to similarities in Weil s and Wittgenstein s written and philosophical styles How do Weil and Wittgenstein conceive of the self and its role in philosophical thinking What role does belief play in Weil s and Wittgenstein s respective philosophical works *Between Wittgenstein and Weil* will be of interest to scholars and advanced students working in twentieth century philosophy philosophy of religion philosophy of language and the history of moral philosophy Wittgenstein's (Misunderstood) Religious Thought Earl Stanley B. Fronda,2010 This book argues that Wittgenstein s religious thought is misunderstood by its critics and that their misunderstandings are a result of being oblivious of apophatic theology the theology that encapsulates Wittgenstein s religious point of view Yearbook of the Maimonides Centre for Advanced Studies. 2017 Bill Rebiger,2017-10-23 The Yearbook of the Maimonides Centre for Advanced Studies mirrors the annual activities of staff and visiting fellows of the Centre as well as scholars of the Institute for Jewish Philosophy and Religion at the University of Hamburg and reports on symposia workshops and lectures Although aimed at a wider audience the yearbook also contains academic articles and book reviews on scepticism in Judaism and scepticism in general
