What Happened to the Soviet Union? Christopher I. Xenakis, 2002-09-30 Xenakis examines the responses of Soviet experts in American academia primarily political scientists but also economists and defense scholars who specialized in the USSR to the unfolding evidence of Soviet reform during the 1970s and 1980s and to its ultimate collapse He concludes that American Sovietologists and other political scientists were more responsive to the Cold War consensus to the needs of the State Department Defense and

CIA policy makers and to the official Washington line of the moment than to the changing face of the Soviet Union As Xenakis makes clear many of the Cold War ideas and attitudes shared by Sovietologists the notion that the USSR was an evil empire the idea that Soviet society was irredeemably xenophobic and indolent that the Soviet political and economic system could not be fixed or reformed and the view that the best way for Washington to deal with Moscow s influence was to contain the USSR through arms races global and proxy wars were reminiscent of the policies and arguments of the Truman and Eisenhower administrations not to the facts on the ground in the 1970s and 1980s An important work for scholars students and researchers involved with Soviet and Russian studies international political and military affairs intellectual history and the relationship between academia and the government **Hitler** Martyn Housden,2013-11-05 Hitler Profile of a Dictator is a fascinating exploration of Hitler and his role in the Third Reich The book unravels the complex historiographical debate surrounding this notorious figure by examining his personality his ideas and the nature of his power Hitler Profile of a Dictator surveys Hitler s career chronologically and includes coverage of the young idealogue the F hrer State Hitler s role in the outbreak of the Second World War Hitler s involvement in the Holocaust This second edition brings the continuing debate up to date in light of the most recent reseach and speculates on the implications of the Irving trial **Plans for a Post-war World** Julia Emily Johnsen,1942 [Afghanistan](#) Abid Ullah Jan,2006-01-01 **Jewish Space Lasers** Mike Rothschild,2023-09-19 With the current rise of antisemitism this important book looks at how one Jewish family the Rothschilds became a lightning rod for the conspiracy theories of the last two centuries and how those theories are still very much alive today In 2018 Congresswoman Marjorie Taylor Greene took to social media to share her suspicions that the California wildfires were started by space solar generators which were funded by powerful mysterious backers Instantly thousands of people rallied around her blaming the fires on Jewish space lasers and ultimately the Rothschild family For more than 200 years the name Rothschild has been synonymous with two things great wealth and conspiracy theories about what they re really doing with it Almost from the moment Mayer Amschel Rothschild and his sons emerged from the Jewish ghetto of Frankfurt to revolutionize the banking world the Rothschild family has been the target of myths hoaxes bizarre accusations and constant virulent antisemitism Over the years they have been blamed for everything from the sinking of the Titanic to causing the Great Depression and even creating the COVID 19 pandemic Jewish Space Lasers The Rothschilds and 200 Years of Conspiracy Theories is a deeply researched dive into the history of the conspiracy industry around the Rothschild family from the pamphlet wars of Paris in the 1840s to the dankest pits of the internet today Journalist and conspiracy theory expert Mike Rothschild who isn t related to the family sorts out myth from reality to find the truth about these conspiracy theories and their spreaders Who were the Rothschilds Who are they today Do they really own 500 trillion and every central bank in addition to controlling the British money supply Is any of this actually true And why even as their wealth and influence have waned do they continue to drive conspiracies and hoaxes [Hitler](#) David Welch,2013-06-17 Hitler

Hitler Profile of a Dictator surveys Hitler's career chronologically and includes coverage of the young idealogue, the Führer State, Hitler's role in the outbreak of the Second World War, Hitler's involvement in the Holocaust. This second edition brings the continuing debate up to date in light of the most recent research and speculates on the implications of the Irving trial.
