Pot-Limit Omaha William Jockusch, 2009-10. Pot limit Omaha to the untrained eye looks similar to Texas hold em, except that you start with four cards instead of the standard two. But this complex form of poker has many differences, and it continues to grow in popularity as the poker boom matures. This book starts with the fundamentals of hand valuation and continues up through advanced concepts. Topics include preflop hand strength, short stack play, wrap hands, blind stealing, marking aces, playing on the flop, which flops are good for bluffing, position, and check raising, pot size manipulation, blockers, and much more, including numerous sample hands. This book is a discussion of winning play and more importantly, winning thinking on all streets. It should be of value to almost all pot limit Omaha players, from the beginner to the more advanced, and every effort has been made to give you the best information possible with nothing held back. Two Plus Two Publishing and William Jockusch are proud to bring you **Pot Limit Omaha**.

Harrington on Cash Games Dan Harrington, Bill Robertie, 2008. The first years of the poker boom were fueled by the interest in no limit hold em tournaments. Recently, however, players have been gravitating to another, even more complex form of hold em, no limit cash games. In **Harrington on Cash Games Volume I**, Dan Harrington teaches you the key concepts that drive deep stack cash game play. You'll learn how to tailor your selection of starting hands to your stack size, how to recognize the increasing deception value of supposedly weaker hands as the stack sizes increase, and how to use the concept of pot commitment to your advantage as the size of the pot grows. After laying out the general concepts behind deep stack cash game play, Harrington shows you a complete strategy for post flop play, and then teaches you the difference between post flop play against a single opponent and post flop play against multiple opponents. If you play no limit hold em cash games, you need to read this book. Dan Harrington won the gold bracelet and the World Champion title at the 10,000 buy-in No Limit Hold em Championship at the 1995 World Series of Poker. And he was the only player to make the final table in 2003 (field of 839) and 2004 (field of 2,576).
