Pentecostals and Roman Catholics on Becoming a Christian Karen Murphy, 2018-05-23 In *Pentecostals and Roman Catholics on Becoming a Christian* Dr Karen Murphy explores the fifth round of the International Roman Catholic Pentecostal Dialogue 1998 2006 Discussing Spirit baptism faith conversion experience and discipleship Dr Murphy notes areas in which the Dialogue has evolved since its inception in 1972 She unpacks the commonalities that bond Catholics and Pentecostals and examines theological divergences and challenges to dialogue While Catholics approach becoming a Christian from a sacramental perspective most Pentecostals think of Christian initiation in non sacramental or conversionist terms a reality that fosters ongoing tensions between the two traditions Dr Murphy reveals how Catholics and Pentecostals seek to overcome this dichotomy by honoring spirituality and experience as integral to the ecumenical encounter

Church as Communion Philip Kariatis, 2020-03-20 This book innovatively explores the notion of koinonia for understanding the nature and function of the Church Since the Scriptures assert that the Church is the Church of God God's communal mode of existence is looked at namely God who is a communion of three hypostases relating to one another in an interpenetrating koinonia of infinite love as a way of understanding the very being of the church as communion Such a notion of koinonia far from having anything to do with socio political understandings suggests that it is a foundational gift bestowed from above to the world as the solution par excellence to the impasse of isolationism More often than not however such an ecclesiology of communion has not taken seriously the historical reality of the Church living within the fallen world along with its ceaseless temptations divisions and even sins in history In this way it becomes apparent that a dialectic needs to be

acknowledged in the notion of communion as both foundational gift from God and yet one still to be fully realised Accordingly this work shows that the Church is not only as the gift of God s miraculous presence here on earth The Church is also constantly striving to exist epiclestically until such time as it will fully experience the final consummation in Gods eschatological kingdom An examination of this double dimensionality of the Church is undertaken in order to assess if this is in line with the Scriptural witness of the ekklesia Having established the gift goal dialectic in the notion of koinonia in the New Testament Church the study then traces the trajectory of this dynamic approach to koinonia in the Churchs worship and authoritative structures This promises to cast both a deeper light on and a more realistic solution to ecclesiological problems within the life of the Church today allowing for the Churchs constant renewal The Encyclopedica of Christianity, Vol. 5 Erwin Fahlbusch, Geoffrey William Bromiley, 1999 Written by leading scholars from around the world the articles in this volume range from sin Sufism and terrorism to theology in the 19th and 20th centuries Vatican I and II and the virgin birth

Source and Summit Joanne M. Pierce, Michael Downey, 1999 **A Church with Open Doors** Richard R. Gaillardetz, Edward P. Hahnenberg, 2015-05-06 Catholic ecclesiology stands at the threshold of a new moment in the reception of the Second Vatican Council The election of Pope Francis coinciding with the fiftieth anniversary of the council has inspired a fresh consideration of its teaching in such diverse areas as ecumenism inculturation missiology and ministry The chapters in this volume have their origin in a special symposium that called together over forty of the leading Catholic scholars from throughout North America in order to discuss the future of theological reflection on the church The nine essays in this volume guided that conversation and offer an entry into some of the most pressing issues in ecclesiology today **The Catholic Periodical and Literature Index** , 2008 **Catholicism in the Third Millennium** Thomas P. Rausch, 2003 What is Catholicism Where is the Church headed in the third millennium These questions provide the structure for this book which combines a faithful presentation of the tradition as well as a critical theological reflection of where the Church is today and where it might be moving **A Theology of the Church for the Third Millennium** Kenan B. Osborne, Rev Kenan Osborne, 2009 At the beginning of the new millennium the Christian Churches are in a process of renewal The Roman Catholic Church since Vatican II has been in a major stage of renewal Contemporary globalization multi cultural interrelationships and inter religious dialogues have presented serious challenges to these renewal efforts In this volume I want to offer to the Catholic Renewal and from there to other denominational renewals a view of the church from the rich tradition of Franciscan philosophy and theology To date there are only a few books which include small essays on this theme This volume presents an in depth Franciscan approach to ecclesiology Archivum historiae pontificiae , 2007 *Nghiên cứu tôn giáo* , 2017 *Lectures on Orthodox Ecclesiology* Emilianos Timiadis, 1992 **The Church in India in the Emerging Third Millennium** Thomas D'Sa, 2005 Contributed papres presented at the seminar organized by NBCLC during Jan 4 9 2005 **On the Threshold of the Third Millennium** , 1990 **Internationale Bibliographie der**
