challenged sister As this unlikely group mingles they discuss a great many grand topics love art language life culture Yet very early on the reader comes to realize that behind the pompousness of their elaborate discussions lies nothing but vacuity these characters are a satire of the self important intellectuals of Huxley s era His skewering of their intellectual barrenness continues as the group moves on to a trip around the surrounding country in a satire of the Grand Tour tradition The party brings their English snobbery out in full force as they traipse around Rome sure of nothing else except in their belief that Italy is culturally superior simply because it s Italy As the vacation winds down we re left with a biting lampoon of the elites who suppose themselves to be at the height of art and culture the kinds of personalities that arise in every generation sure of their own greatness but unable to actually contribute anything to the world of art and culture that they feel is so important This book is part of the Standard Ebooks project which produces free public domain ebooks
