Some Day Robert Eidelberg, 2020-06-29 *SOME DAY The Literature of Waiting A Creative Writing Course With Time on Its Hands* Now wait Now Wait You do it all the time Time and time again You're doing it right now waiting on our every word So here goes before there was this book *SOME DAY* on writing creatively about a world of waiting there was special topics Hunter College English course on *The Literature of Waiting* that featured a selection of novels plays and short stories by some rather famous world authors But wait even before that time sensitive college course there were well the

elevators particularly the ones in the North Building of Hunter College of the City University of New York Elevators that you always had to wait distressingly long for when they were apparently working and eternally long for when they were out of service There was even that infamous elevator repair sign Picture it a photoshopped female student with her right hand flat out in the stop and wait position her compressed lips silently conveying that any wait on your part for an elevator to come would be entirely futile And did we mention that the repair sign would inevitably remain up even after that elevator had been fixed Now that made a certain sense since it was only a matter of time before the sign was like a broken clock accurate again

mastery over a text and to experience pleasure from the act of reading independently Using interdisciplinary approaches that draw upon and synthesize research being done in education child psychology sociology cultural studies and children s literature the volume visits Early Readers from a variety of angles as teaching tools as cultural artifacts that shape cultural and individual subjectivity as mass produced products sold to a niche market of parents educators and young children and as aesthetic objects works of literature and art with specific conventions Examining the reasons such books are so popular with young readers as well as the reasons that some adults challenge and censor them the volume considers the ways Early Readers contribute to the construction of younger children as readers thinkers consumers and as gendered raced classed subjects It also addresses children s texts that have been translated and sold around the globe examining them as part of an increasingly transnational children s media culture that may add to or supplant regional ethnic and national children s literatures and cultures While this collection focuses mostly on books written in English and often aimed at children living in the US it is important to acknowledge that these Early Readers are a major US cultural export influencing the reading habits and development of children across the globe
