

The background of the book cover features a stylized, high-contrast illustration. In the upper half, a sword is depicted in a dynamic, almost abstract pose, with its hilt and blade rendered in a way that suggests movement. In the lower half, a balance scale is shown, its pans and central beam clearly visible. The entire illustration is set against a warm, orange-to-red gradient background, which is further textured with soft, glowing light effects that create a sense of depth and focus on the central text.

Walker & Walker's English Legal System Richard Ward (LL.B.),2008 *Walker & Walker's English Legal System* Ronald Jack Walker,2011 Walker and Walker's English Legal System Ronald Jack Walker,1994 **Walker and Walker's English Legal System** Richard Ward (LL.B.),Ronald Jack Walker,1998

Walker and Walker's English Legal System is long established as the standard text in this area providing the first and last point of reference for students who need a clear understanding of this vital subject Changes to and within the English Legal System since the last edition have been considerable the pace of change often being frantic The new edition reflects these changes whilst providing a clear and concise exposition of the main principles rules and issues involved **Walker and Walker's English Legal System** R. J. Walker,1998-07

Intended for students preparing for degree Bar and Law Society examinations this volume serves as a reference to most aspects of the English legal system Bowker's Law Books and Serials in Print ,1986 Australian national bibliography ,1961 **Whitaker's Cumulative Book List** ,1985 **Tort Law and Economic Interests** Peter Cane,1996

This book is about the way in which the law of torts protects financial assets such as money property and contracts It focuses on the interests protected and does not follow the usual textbook arrangement of the law according to the various torts such as trespass negligence and defamation The discussion goes well beyond the debate about about recovery for economic loss in negligence as it places that debate in a much wider context The introduction explains the notion of economic interests and why this has been chosen as the focus of attention The second part gives an account of the relevant rules of tort law while the third part examines the relationship between tort law and other techniques for protecting economic interests such as regulation and insurance The final part discusses the aims and functions of tort law Many of the issues discussed receive very little attention in most tort texts **The British National Bibliography** Arthur James Wells,1992
